PROCEEDINGS AND DEBATES OF THE 117th CONGRESS, FIRST SESSION

Vol. 167

WASHINGTON, THURSDAY, SEPTEMBER 23, 2021

No. 165

House of Representatives

The House met at 10 a.m. and was called to order by the Speaker pro tempore (Mr. NEGUSE).

DESIGNATION OF SPEAKER PRO TEMPORE

The SPEAKER pro tempore laid before the House the following communication from the Speaker:

WASHINGTON, DC,
September 23, 2021.

I hereby appoint the Honorable JOE NEGUSE to act as Speaker pro tempore on this day.

NANCY PELOSI,
Speaker of the House of Representatives.

MORNING-HOUR DEBATE

The SPEAKER pro tempore. Pursuant to the order of the House of January 4, 2021, the Chair will now recognize Members from lists submitted by the majority and minority leaders for morning-hour debate.

The Chair will alternate recognition between the parties, with time equally allocated between the parties and each Member other than the majority and minority leaders and the minority whip limited to 5 minutes, but in no event shall debate continue beyond 11:50 a.m.

IOWAN GOOD SAMARITANS

The SPEAKER pro tempore. The Chair recognizes the gentlewoman from Iowa (Mrs. MILLER-MEEKS) for 5 minutes.

Mrs. MILLER-MEEKS. Mr. Speaker, I rise today to recognize a group of Good Samaritans who recently brought Iowa nice to Louisiana.

Earlier this month, the New Sharon Fire Department of Mahaska County joined dozens of recovery teams from across the Nation to perform disaster relief efforts and assist in search and rescue operations in Louisiana after Hurricane Ida.

Thanks to the generosity of the New Sharon and Mahaska County community, the New Sharon Fire Department has aided in recovery efforts both in the Hawkeye State and elsewhere across the country for 16 years.

In 2018 the New Sharon Fire Department assisted local Texas recovery teams in the aftermath of Hurricane Harvey, and last year they traveled to help local communities that were devastated by Hurricanes Laura and Sally.

I thank the New Sharon Fire Department and the citizens of Mahaska County for answering the call to serve and being incredible examples of the generosity and selflessness of Iowans.

THE GENEROSITY OF THE QUAD CITIES BICYCLE CLUB

Mrs. MILLER-MEEKS. Mr. Speaker, I rise today to share an Iowa nice story about looking out for one of our own.

Joseph Stewart, a resident of Bettendorf in Scott County, relied on his bicycle for years to make his 3-mile roundtrip commute to work every single day, but after his bicycle broke, the time of his daily commute doubled. For over a month after losing his only means of transportation, Joe would walk in between the highway and the railroad tracks to make it to work, not missing a single day of work. This is when Quad Cities Bicycle Club member Kathy Storm noticed Joe walking with a big smile on his face despite his circumstances.

The Quad City Bicycle Club is known for their generosity, with members donating bikes to share their love of cycling with other members of the community.

After getting to talking, Kathy learned Joe's situation and later showed up to his place of employment with a big surprise—a new bike that was donated by the club.

It is stories like these that make us smile and inspire others to help their own neighbors. And this is just one small example of why Iowa is the best

place to live, work, play, and raise a family.

IRON DOME FUNDING

Mrs. MILLER-MEEKS. Mr. Speaker, I rise today to speak on the importance of the United States continuing to support our allies, specifically Israel.

Israel has long been a key strategic ally for the United States. Our relationship is mutually beneficial, and it is important that we work to support them whenever we can. That means fully funding the Iron Dome missile defense system must be a top priority of this Chamber.

The Iron Dome is a mobile all-weather air defense system designed to intercept and destroy short-range rockets and artillery shells whose trajectory would take them to an Israeli populated area. This system is purely defensive and designed to protect civilians. Innocent bystanders of all ethnicities, nationalities, and faiths rely on the Iron Dome for safety and protection.

When terrorist groups like Hamas and Hezbollah fire thousands of rockets into Israel, as they did earlier this year, the Iron Dome system quickly destroyed them and saved countless lives. Unfortunately, the majority wants to play games with this vital program. Earlier this week, the funding for the Iron Dome was stripped from the majority's continuing resolution amid protests from progressive Members.

For years, the United States has consistently funded the Iron Dome on a strong bipartisan basis to help Israel defend itself from rocket attacks from terrorist organizations. There has never been a situation where military aid for Israel was held up because of objections from Members of Congress. It is disgraceful that the majority would remove the \$1 billion in funding for the Iron Dome to appease the far left that seems to have taken over their agenda. Not funding the Iron Dome puts lives at risk for absolutely no reason. While I appreciate the majority introducing

standalone legislation to fully fund the system, it should not have come to this to ensure the safety of our allies.

After a summer that saw 2 weeks of fighting between Israel and Palestine, it is beyond clear to me that we must support Israel. Israel has long been a U.S. ally in a region marked by decades of conflict and turmoil. They are a strong democracy and share our views on many issues.

I am proud to say what many in the majority will not, that I firmly stand in support of Israel and continuing to build our partnership for years to come.

AND STILL I RISE

The SPEAKER pro tempore. The Chair recognizes the gentleman from Texas (Mr. GREEN) for 5 minutes.

Mr. GREEN of Texas. Mr. Speaker, and still I rise, a proud, liberated Democrat unbought and unbossed in the spirit of Shirley Chisholm.

And I rise today with a very simple message: Black lives still matter. It doesn't matter who is in power, Black lives matter. The circumstances haven't changed. Black lives matter wherever they happen to be. They matter in Haiti, and they matter at the southern border.

Mr. Speaker, what you see here is despicable and reprehensible. This is what is happening at the southern border, persons on horses lashing out apparently at persons who are from Haiti. Black lives still matter, and it is important to note that these persons, when they are rounded up apparently and sent back to Haiti, are given \$50, a phone card and some food. Many of these persons haven't been to Haiti in over a decade—over 10 years—and they are given \$50, a phone card, and some food.

Black lives matter. This has got to change. This is why I have introduced H. Res. 670. It condemns the actions that we have seen at the border; it condemns the actions. It doesn't condemn the people; it condemns the actions. I have some personal thoughts about the behavior of the people and the people themselves, but this resolution condemns these actions. I believe all people of goodwill should find these actions abhorrent and deplorable.

I also believe that those who tolerate injustice—this is an injustice—those who tolerate injustice perpetuate injustice.

I am asking that H. Res. 670 be brought to the floor of this House so that this House can go on record as opposing what we have seen at the border that is inhumane. We ought to go on record opposing this.

We have gone on record opposing things that have been said by people who are within the House and without the House. This House has gone on record when we have had these seminal moments in time. This is another seminal moment in time that requires some time on the floor of this House to

show the world that we stand for justice and that this injustice should not stand.

Finally, I indicated that when they are deported to Haiti they receive \$50, some food, and a phone card. But here is something that I find appalling as well: Haitians have been given temporary protected status in this country. Mr. Speaker, if you were here at a certain time prior to a certain time, you were given temporary protected status. Well, we are sending people who are Haitians back to Haiti who haven't been there in 10 years, but there are others who will stay because we are saying that the conditions are not acceptable to send people back to Haiti. That contradiction has to be reconciled. We shouldn't be sending people to Haiti when we said that Haiti is not safe for us to send Haitians to.

Mr. Speaker, Black lives still matter. It doesn't matter who is in power, Mr. Speaker. Circumstances don't change, and until they change, a liberated Democrat is going to continue to say that we must be a part of that change.

I pray that we will have H. Res. 670 brought to the floor so that we can show the world that we believe Black lives matter.

HONORING AND CELEBRATING RABBI MICAH GREENSTEIN'S 30TH ANNIVERSARY AT TEMPLE ISRAEL

The SPEAKER pro tempore. The Chair recognizes the gentleman from Tennessee (Mr. KUSTOFF) for 5 minutes.

Mr. KUSTOFF. Mr. Speaker, today I rise to honor and congratulate a great Memphian and friend, Rabbi Micah Greenstein, who is celebrating 30 years of service and commitment to Temple Israel in Memphis and the entire Jewish community.

Rabbi Greenstein is the eighth senior rabbi at Temple Israel, a synagogue founded in the 1850s. He has served as senior rabbi for over 20 years and is now celebrating his 30th anniversary at Temple Israel.

In 1991, after completing his undergraduate and graduate degrees at Cornell University, Harvard, and the Hebrew Union College-Jewish Institute of Religion, Rabbi Greenstein came to Memphis, a place he and his family have called home for more than 30 years.

Over the years, Rabbi Greenstein has served as two-time president of the Memphis Ministers Association, was the first rabbi to speak at the Washington National Cathedral on a major state day and has been named by Newsweek magazine as one of the top American rabbis in 2012 and 2013.

Rabbi Greenstein has been honored with the Memphis City Council Humanitarian Award and the Memphis Theological Seminary's President's Humanitarian Award. As clearly demonstrated, Rabbi Greenstein has worked throughout his career to make his community, his home in Memphis, and his country a better place.

Mr. Speaker, when you speak with members of Temple Israel, they will tell you how extraordinary the congregation is, and that is due to the rabbi's dedication, his charisma, and his passion. I talked to Laurie Meskin, the current president of Temple Israel. She stated: "Rabbi Greenstein has made our synagogue, Temple Israel, what it is today. He is truly gifted at mobilizing people from near and afar, is a great communicator and orator, and believes in a vibrant Jewish future for all of us in Memphis."

From my good friend and former Temple Israel president, Billy Orgel: "Many families at Temple Israel are very intertwined with the Greenstein family, as everyone knows each other in Memphis. Our kids know each other very well and are all the same age. Rabbi Micah is a good friend who is there in sickness and in health."

He continues: "He is not just our rabbi, but to many in the Memphis community, no matter their religious background, he is a close friend as well. He is their rabbi too."

Rabbi Greenstein has forged bonds with numerous other religious leaders in Memphis and throughout the country. For example, he led Memphis' first interfaith religious leaders mission to Israel years ago.

Another friend of mine, Mark Halperin, also another former Temple Israel president, said: "Ultimately, the unique thing about Rabbi Micah is that he is the whole community's rabbi. Temple Israel is a special place, but it makes it more special to have someone like Rabbi Micah there with us."

In a 1999 profile of the rabbi in Memphis Magazine, the article cited a then young college-age Micah Greenstein finishing at Harvard's JFK School of Government and deciding to switch studies from what he said was public service to Jewish service. The rabbi went on to say: "I'm doing exactly what I think God intended for me to do, to touch people's lives in a Jewish way, to make the world more human, and to bring people together to share their differences."

Roberta and I congratulate Rabbi Micah, his loving wife, Sheril; and their three children, Cara, Jake, and Julia, on this incredible 30-year milestone.

We say mazel tov.

REDUCING PENTAGON BUDGET INCREASES

The SPEAKER pro tempore. The Chair recognizes the gentlewoman from California (Ms. LEE) for 5 minutes.

Ms. LEE of California. Mr. Speaker, today, we will vote on my amendment, Lee 41, to the FY22 National Defense Authorization Act to reduce from this year's bill egregious Pentagon budget increases that were added during the committee markup. Our amendment will reduce no less than \$25.5 billion

from the bill, trimming back the total level of FY22 NDAA to no more than the amount requested by the President.

I want to thank my cosponsors, starting with Congresswoman JACOBS, who was so kind to manage this amendment on the floor yesterday, for her tremendous leadership. I also thank my co-chair of the Defense Spending Reduction Caucus, Mr. POCAN, as well as Ms. OCASIO-CORTEZ for working together to bring this amendment to the floor. I also thank Chairman SMITH and Mr. MCGOVERN for their support in helping to make this very important amendment in order.

The President's budget request is one of the largest in American history. For years now, the United States has been peerless in its military spending, exceeding the total spending of the next 11 countries combined. We have numerous glaring examples of waste, fraud, and abuse within our defense establishment. Our 20-year experience in Afghanistan is a stark example where the Special Inspector General for Afghan Reconstruction identified billions of dollars—mind you, billions of dollars—wasted or outright stolen over our time there. The taxpayers deserve better.

Yet, Congress insists on piling more money into the Pentagon than our military leaders even ask for, despite DOD routinely returning unspent balances to the Treasury.

Enough is enough. Americans are demanding that Congress rebalance our priorities and invest in the biggest challenges America faces. We face imminent threats from the COVID pandemic, climate change, domestic terrorism, growing economic inequality, and systemic racial and ethnic inequities.

While I personally support a much larger reduction in Pentagon spending, we need to draw the line somewhere. This amendment is a good place to start. I urge my colleagues to support this amendment, to send the message that Congress won't endorse constant inflation of the Pentagon budget.

Also, let me just cite amendment No. 40, offered again this year by Mr. POCAN and myself, for a 10 percent cut. I thank our colleague, Ms. OCASIO-CORTEZ, for her bold leadership and for managing this amendment during the floor debate.

Mr. Speaker, the House stands again poised to pour three-quarters of a trillion dollars into a defense establishment that is unauditably, unaccountable, and does little to answer the biggest threats to the safety and welfare of our people.

The Pentagon is the only Federal department that has never passed an audit. I worked to get a requirement that DOD passes an audit written into permanent law a couple of years ago, with the help of Chairman SMITH and my colleague, Dr. BURGESS. Yet, still, the Pentagon says it won't be able to pass an audit for almost another decade.

It is not hard to find places to cut at the Pentagon. Earlier this year, a bi-

partisan group of organizations identified \$80 billion in savings that could be achieved just by implementing some efficiencies and eliminating obsolete weapons, weapons like Cold War-era bombs and missiles designed and built in the last century that are totally unsuited for the challenges of this century.

We see tremendous costs of this runaway spending, not only in the missing priorities, like public health, that are left unfunded, but in a way of thinking that militarizes every single problem in our society and turns peaceful protesters into targets for weapons of war.

Let me just say, this modest reduction that we are proposing, it won't compromise our national security, and it won't take a dollar from our troops. In fact, it will put more resources into enhancing the quality of life for our troops. It will also allow us to reinvest in healthcare, schools, and infrastructure.

This amendment will be a first step in rebalancing our priorities to build a safe, peaceful, prosperous world at home and abroad. I urge my colleagues to join me and to vote "yes" on this amendment. Let's start shifting our budget back to things that matter for most of our people.

AMERICANS FEEL BETRAYED BY BIDEN ADMINISTRATION

The SPEAKER pro tempore. The Chair recognizes the gentlewoman from North Carolina (Ms. FOXX) for 5 minutes.

Ms. FOXX. Mr. Speaker, the American people are outraged, and they have every right to be. I am outraged with them.

All they have seen thus far in this administration is the buck being passed and both a President and his administration that refuse to uphold the basic tenets of leadership. This administration has ruined, mishandled, and dissembled every issue it has touched.

Americans are fearful that the country that they love and respect is being run into the ground at an alarming speed. Americans deserve answers, and our allies across the world deserve them as well.

Mr. Speaker, Americans feel betrayed. They feel that they have been betrayed by their own government. That feeling of betrayal was extremely palpable when Americans were stranded in Afghanistan because of an arbitrary deadline from the Taliban that this administration caved to.

In the following days, there were no answers, only speculation as to how many Americans were still left in Afghanistan who wanted to leave. Even now, as this administration grapples with how to respond to the Taliban's takeover, you would be hard-pressed to find real answers.

In a so-called classified briefing yesterday, Members got no concrete answers. It was a pitiful—I am saying "pitiful"—display of willful ignorance and incompetence.

Mr. Speaker, if you look at the past 8 months of the Biden administration, that incompetence is everywhere: the fall of Afghanistan, our open borders, skyrocketing inflation, reckless spending, record levels of unemployment and unfilled jobs, growing national security threats.

Refusing to respect the rule of law may be the worst, Mr. Speaker. These are just a few of the crises that have grown exponentially as the days go by.

Mr. Speaker, there is a common thread that you find in each of these circumstances, and it is that acceptance of the situation and accountability are virtually nonexistent.

Mr. Speaker, it is downright shameful that America has been taken down this rocky and unsettling path, and I fear we may never be able to fully recover. President Biden and his administration cannot simply sweep every new crisis under the rug and move on, but based on what has happened thus far, I suspect we will see more of the same.

The American people deserve better than abdicated leadership and a consistent failure to uphold our values.

DO BETTER FOR HAITI

The SPEAKER pro tempore. The Chair recognizes the gentlewoman from the Virgin Islands (Ms. PLASKETT) for 5 minutes.

Ms. PLASKETT. Mr. Speaker, as the Member of Congress who represents the Virgin Islands, the only congressional office within the English-speaking Caribbean, the plight of my Haitian brothers and sisters is very close—not just the ones presently enduring egregious and unfair treatment at the U.S.-Mexico border, but our brothers and sisters in the nation of Haiti itself.

The crisis unfolding before our eyes at the border is woefully symbolic of our Nation's inconsistent and superficial response to the reoccurring calamities in Haiti specifically and the Caribbean generally.

The nation of Haiti faces a tremendous, ongoing crisis: the recent natural disasters, including a major earthquake, tropical storms, and hurricanes; the effects of the COVID-19 pandemic; health insecurity; the assassination of a Prime Minister and the accompanying political instability; gang violence; along with large-scale deterioration of infrastructure; and poverty.

As we watch our fellow human beings seeking a better life, we need to ask ourselves: Do they deserve the dignity of listening to their story, understanding their desperation, and working to find sustainable, long-term solutions to the problems that cause tens of thousands of people to leave their country, live in abject and hostile poverty in South America, and make the dangerous trek to try to come to America?

I believe, and I think some of you do as well, that our Haitian neighbors deserve that, and that, in some ways, we owe them that, and that it is even in our own self-interests.

We must remember that Haitians fought with us in the American Revolution. They sent troops to be at our side. Then, in 1825, 20 years after they received their own independence, the United States agreed with France that they, as a new independent nation, should be forced to pay back the slave owners of France, who, they believed, needed reparations for lost income from slave labor. Until almost 1940—something, the people of Haiti have been paying that money back. In today's dollars, that would be over \$20 billion that this small island nation has paid to the people of France for their freedom.

Imagine if we had been forced to pay England for our own independence.

America has significant trade agreements and economic support with our neighbors to the north and the south, Canada and Mexico. However, when it comes to our third border, the Caribbean, that becomes an absolute afterthought, if they are thought of at all.

America wants these nations to be stable and support them at multinational forums but lacks the forethought to engage them as partners in the first instance. We intervene in political instability without meaningful engagement in civil society.

Hurricane relief and support for resilience, vaccination support, support for trade and educational alternative energy partnerships, infrastructure investments, those are the things that Americans should be engaged in at the first instance so we do not have what we have at the border happening now.

China, of course, is all through the Caribbean, giving lasting and meaningful investments there and demanding support from the Caribbean nations at the U.N., the Organization of American States, et cetera.

It is well-researched fact that rural infrastructure investments can lead to higher productivity, employment, and economic opportunities. Solid infrastructure powers business, encourages trade, provides much-needed protection for countries from the unpredictability of a natural environment, all things that Haiti is missing to date.

Substantively, the U.S. has neglected to develop meaningful, substantive trade relationships in Haiti and the larger Caribbean that could help them and help us. We need to do better.

WORSENING BORDER CRISIS

The SPEAKER pro tempore. The Chair recognizes the gentleman from California (Mr. MCCLINTOCK) for 5 minutes.

Mr. MCCLINTOCK. Mr. Speaker, the collapse of our southern border now poses a mortal danger to our country. No civilization has ever survived the magnitude of mass migration that this administration is not only accommodating but is encouraging.

When Donald Trump left office, we had operational control of our borders. The border wall was nearing comple-

tion. Court-ordered deportations were finally being enforced. The Migrant Protection Protocols negotiated with Mexico reduced the number of fraudulent asylum claims to a trickle.

All that Biden needed to do was to continue these policies. Instead, he reversed them on his first day in office. He ordered the border wall to be abandoned, leaving construction gaps that make it useless. He ordered ICE to cease enforcing the law. He reversed the remain in Mexico policy. And he sent a clear and unmistakable message heard around the world: America is now a nation without borders. And nations without borders aren't around very long.

The numbers are staggering. In July, Customs and Border Patrol encountered 212,000 foreign nationals illegally entering our country. That is the entire population of Birmingham, Alabama, in a month. In August, another 209,000, which is Des Moines, Iowa.

There have been, already, 1½ million such encounters this year, and the Gallup organization warns us there are 42 million people living in poverty in Latin America and the Caribbean who intend to come here if they can. And they are.

Almost overnight last week, 15,000 Haitian nationals illegally crossed the border and set up camp in Del Rio, Texas. It is reported that DHS is tracking an additional 40,000 to 60,000 Haitian migrants between Colombia and the U.S. border. Contrary to claims by the administration, only a fraction of them have been returned to Haiti. It appears the vast majority are being rapidly and furtively processed into our communities.

□ 1030

There is no denying the fact that this is a deliberate policy by this administration to fundamentally change the economy, politics, culture, customs, and institutions of the American Republic.

Democrats on the Judiciary Committee just voted to grant amnesty, permanent legal residence, and a fast track to citizenship for between 8 and 10 million foreign nationals who have already illegally entered our country, defied our laws, thumbed their noses at our sovereignty, and are demanding to stay and are expecting American taxpayers to continue to support them.

Eight to 10 million, we need to understand what that means. Eight million is the entire population—every man, woman, and child—living in the States of Alaska, Maine, Delaware, Wyoming, North Dakota, South Dakota, Rhode Island, Montana, and Vermont combined.

This is at a time when real family earnings are declining, crime is increasing, homelessness is rampant, and mounting debt is killing the American Dream of a better future for our children.

Is it any wonder our borders are overwhelmed? Ask the migrants why they

are coming. Every one of them will tell you it is because of Joe Biden's promise of admission, amnesty, and citizenship.

That is why we are seeing this tragic and shocking trafficking of young children, and it is going to continue until we secure our border and start enforcing our immigration laws, which are already among the most liberal in the world.

We are told we need to legalize those who illegally took Americans' jobs as essential workers during the pandemic. The fact is, 45 percent of the entire workforce is considered essential by the government. That is hardly an exclusive group. What the Democrats are really saying is that if you are part of the 55 percent of Americans they don't consider essential and you lost your job during their leftist lockdowns, you will be pushed aside for those who violated our laws, broke the rules, and now compete in the job market that you are trying to get back into, while using your money to do it.

Please, someone, explain to me: How are American workers helped by flooding the labor market with another wave of illegal immigration? How are our children, who have been robbed of an entire year of their educations, helped by filling their classrooms with non-English-speaking classmates? How are our communities made safer by making it harder to deport criminal illegal aliens and gang members? How are our hospitals made more accessible by overwhelming emergency rooms with illegal immigrants demanding care?

Mr. Speaker, people are asking me every day: How could this have happened to our country? And the answer is simple. If you voted for the Democrats, this is what you voted for. And if you are surprised, you weren't paying attention.

HONORING THE LIFE OF EMILY DEROCRO

The SPEAKER pro tempore. The Chair recognizes the gentlewoman from Michigan (Ms. STEVENS) for 5 minutes.

Ms. STEVENS. Mr. Speaker, I rise today to honor the life of my dear friend, Emily Stover DeRocco, a generous spirit and dedicated public servant who inspired others to discover their purpose and to follow their dreams.

Known for getting things done, Emily headed to Washington after graduating from Penn State University, determined to find a role working in the Federal Government, hoping to make a difference in the lives of everyday Americans.

As the Assistant Secretary of Labor for Employment and Training in the George W. Bush administration, Emily was instrumental in redesigning our country's workforce development programs, particularly in strategically realigning education and economic development initiatives with the needs of

the business community, workforce development coming together with our manufacturing sector and, in particular, for emerging technologies.

After leaving the Bush administration, Emily became a leader in the manufacturing sector when she joined the Manufacturing Institute as their president. Under her innovative leadership, the institute researched and confirmed the changing workforce needs and, in response, implemented national strategy on education and workforce reform.

Emily founded E3, an aptly named consulting firm—educate, engage, employ—focused on helping others by linking education, workforce, and economic development, yet again harnessing her creativity and her special, keen ability to connect people and bring them together.

In addition to her incredible career, Emily was a loving mother and wife. She met the love of her life while working full-time at the Department of the Interior and taking classes at Georgetown Law School, tenaciously walking across the stage while 8 months pregnant with her incredible daughter, Lauren.

Emily spent her life coaching and mentoring others and impacted my life and work tremendously. She was, in fact, on everyone's speed dial.

Her work led her to Detroit, Michigan, where she collaborated and led the workforce development efforts for the Lightweight Innovations for Tomorrow Institute, a public-private partnership intent on harnessing new technologies for our automotive sector and other industries of scale. She was the workforce leader.

I had the privilege of speaking on numerous panels with her all over the country, with our friends at the NATC, ASME, in the defense sector, at NIMS, at NAM, and of course, yet again, the Manufacturing Institute.

The need for workforce talent is the conversation of today. I met Emily in the middle of the Great Recession, when unemployment was through the roof, yet there were open jobs in our manufacturing firms all across the country. It is not a simple formula.

What Emily sought to change and address in this country by training not only the next generation of workers but an existing workforce in the 21st century begat many new challenges: the advent of the digital age and the combination of computer technologies with our old-school manufacturing devices and pieces of equipment. She led the way.

While she left us suddenly, she also left a legacy of work. We thank her so much for her service and her inspiration and the mark that she made on this country.

RECOGNIZING UNITED STATES MARINE CORPORAL KELSEE LAINHART

The SPEAKER pro tempore. The Chair recognizes the gentleman from Indiana (Mr. PENCE) for 5 minutes.

Mr. PENCE. Mr. Speaker, I rise today to recognize the United States Marine Corporal Kelsee Lainhart on her road to recovery from being wounded in Afghanistan.

Simply put, Corporal Lainhart is a hero. A native of Dearborn County, Indiana, Kelsee was assigned to secure the airport in Kabul.

Sadly, tragedy struck when she and her brothers and sisters in uniform were targeted by an ISIS-K suicide bomber.

We will never forget Corporal Lainhart's acts of bravery that day in Afghanistan or her courageous fellow servicemembers we lost.

REMEMBERING KAYE WHITEHEAD

Mr. PENCE. Mr. Speaker, I rise today with a heavy heart to honor a pillar of Indiana's Sixth Congressional District, a leader in our community, and a true friend of the Pence family.

Kaye Whitehead, who sadly passed away on September 9, 2021, served as president of the Delaware County Farm Bureau for two decades.

Kaye also served as chair of the Delaware County Republican Party and in various advisory capacities to Dan Quayle, Richard Lugar, David McIntosh, Mike Pence, and myself.

I am grateful to Kaye for her counsel, guidance, and friendship over the years. She will be dearly missed.

My thoughts are with her husband, Bill; her children, Eugene and Lucy; her siblings, Marie, Anne, and Chris; as well as her three grandchildren.

INFLATION IS TAXATION

Mr. PENCE. Mr. Speaker, I rise in objection to the Democrats' monster tax-and-spending spree that will be a detriment to Hoosiers back at home in Indiana.

I have heard from hundreds and hundreds of constituents, literally, who have worried that this next set of spending bills will hurt their families more than they will help.

From paying more for groceries and gas to being unable to find workers to keep the doors of their small businesses open, wasteful government spending is moving our country toward stagflation.

Plain and simple, inflation is taxation on my constituents, on all Americans, and I urge my colleagues to reject this round of reckless Federal spending.

REJECTING SOCIALIST DRUG PRICING SCHEME

Mr. PENCE. Mr. Speaker, I rise today to recognize the work of the Committee on Energy and Commerce in rejecting H.R. 3 by a bipartisan vote.

Had it passed out of committee, this legislation would have resulted in fewer cures and treatments in America, eliminating hope for millions of people battling all diseases.

It is estimated that under this socialist drug pricing scheme, there could be as many as 100 fewer cures over the next decade.

That is why I urge my colleagues to reject any alternative version of this legislation that may come to the floor in the future.

CRISIS UNFOLDING AT SOUTHERN BORDER

Mr. PENCE. Mr. Speaker, I rise today to recognize the crisis unfolding at the southern border.

This is not hyperbole. Look no further than the southern border completely overrun in chaos today. Over 1.2 million illegal immigrants have been apprehended at the border since February 1 of this year.

Our communities are less safe because this administration stopped building the wall, brought back catch and release, and got rid of the remain in Mexico policy.

This border crisis will result in perpetuating our COVID crisis because this President turns a blind eye to the vaccine and testing status of illegal immigrants.

Denying the crisis proves President Biden does not care or is being misled by his advisers.

MOUNTING NATIONAL SECURITY CRISIS

Mr. PENCE. Mr. Speaker, I rise today to recognize the mounting national crisis we are seeing unfold under this President's leadership.

This week, the President desperately attempted to portray an image of strength at the United Nations, but nothing could be further from the truth.

We have seen the failure of the Afghanistan withdrawal that led to losing our men and women in uniform and has the potential to create yet another refugee crisis.

We have seen the failure to hold China accountable for its lack of transparency and mishandling of the COVID pandemic.

We have seen the failure to hold Russia accountable for its cyberattacks.

President Biden appears weak and failing, and the cost is our leadership and national security across the world.

SUPPORTING HEALTH EQUITY PROVISIONS IN BUILD BACK BETTER ACT

The SPEAKER pro tempore. The Chair recognizes the gentlewoman from Illinois (Ms. KELLY) for 5 minutes.

Ms. KELLY of Illinois. Mr. Speaker, I rise today in support of the Build Back Better Act, which includes significant investments in the fight for health equity.

As chair of the Congressional Black Caucus Health Braintrust, I know all too well that, for centuries, Black Americans and people of color have been systematically denied affordable healthcare access and left behind when it comes to our healthcare policies. No more.

Healthcare access is an essential right, and we must do more to ensure

that all Americans, regardless of race, ethnicity, income, or ZIP Code, have access to quality, affordable healthcare.

I am proud that our draft of the Build Back Better Act takes a step toward that goal. We have included several key investments that are going to make a real difference in healthcare available to folks. These investments will prevent chronic illnesses like heart disease and diabetes, ensure earlier detection and treatment of certain cancers, and tackle the Black maternal health crisis.

There is so much good included in the Build Back Better Act, but today I want to highlight just three of the most urgent health equity issues this bill will address.

The first of those priorities is saving the lives of mothers. The Build Back Better Act provides for a mandatory extension of postpartum care for new mothers utilizing Medicaid. In the American Rescue Plan, we included an option for States to extend postpartum care for 12 months after delivery. While some States have taken up that option, it will expire in 5 years.

The Build Back Better Act goes a step further in making that expanded postpartum coverage mandatory and permanent. Research shows that one-third of all pregnancy-related maternal deaths occur between 1 week and 1 year of delivery, and Black women are at an increased risk of experiencing severe complications or death. No more.

New mothers should have access to postpartum care, regardless of which State they live in. Extending postpartum care under Medicaid will save lives and ensure that mothers are able to see their babies grow up.

Additionally, the Build Back Better Act includes a solution to permanently close the Medicaid coverage gap. There are still 12 States that have refused to expand Medicaid, and as many as 4 million people currently lack access to healthcare because of the coverage gap. No more.

□ 1045

Ensuring that Medicaid is available to everyone who needs it will reduce emergency room visits, allow for an increased focus on preventive care and save us money in the long run. Closing the coverage gap will also help address the Black maternal health crisis.

Because of the Medicaid coverage gap, many women are not eligible for care until they become pregnant, and by the time they get approved, they have missed out on weeks or even months of prenatal and early pregnancy care during these critical early days of pregnancy.

Access to healthcare in the early days of pregnancy is crucial in detecting and treating pregnancy-related complications with both mother and baby. Closing the coverage gap will ensure that new mothers have access to care when they need it most.

With Build Back Better, we are tackling health equity issues from babies to

older adults. Once we pass the Build Back Better Act, we will begin including dental, vision, and hearing coverage for seniors through Medicare Part B.

Dental coverage will include cleaning and x-rays, extractions, oral disease management services, and dentures—all vital dental procedures and care that seniors both need and deserve. Many people may not realize it, but oral health has significant impacts on your overall health, and poor oral health has been linked to heart disease, kidney disease, and dementia.

Including dental coverage will help so many people, but it will be especially important for people of color. According to a Kaiser Family Foundation study, 71 percent of Black Medicare beneficiaries and 65 percent of Hispanic beneficiaries went without a dental visit in the past year, compared to 43 percent of White beneficiaries. No more.

Ultimately, these policies are not just about saving lives, but improving lives. We are investing in the health and safety of our constituents and their ability to live long, happy, and healthy lives with their families.

Our healthcare system has been pushed to its limits throughout the past 18 months, and we have been shown, under a bright light, the cracks in its foundation. But it is not beyond repair. Through meaningful investment, we can rebuild our healthcare system in a way that works for everyone and addresses centuries-long challenges to achieving health equity.

The Build Back Better Act presents a once-in-a-generation opportunity for us to advance health equity. I urge my colleagues to support this legislation.

CHARLESTON AIR WING

The SPEAKER pro tempore. The Chair recognizes the gentlewoman from South Carolina (Ms. MACE) for 5 minutes.

Ms. MACE. Mr. Speaker, it has been 3 weeks since the U.S. withdrew troops from Afghanistan. Today, I rise to pay tribute to the heroes who paid the ultimate sacrifice in carrying out Operation Allies Refuge, and I would like to especially recognize the members of Joint Base Charleston Airlift Wing and their spouses who supported the overall mission.

I begin with a moment of silence for the 13 soldiers who selflessly gave their lives Hamid Karzai Airport on August 26.

I also am recognizing this morning the courageous effort of our service-members stationed in Charleston as they evacuated U.S. citizens, Special Immigrant Visa holders, and vulnerable populations from Afghanistan.

With one of the largest C-17 fleets in the country, the Lowcountry of South Carolina is proud of our soldiers at Joint Base Charleston that were tapped to support our airlift efforts. Reservists in the 315th Airlift Wing even

helped deliver a baby on board one of their flights.

Back at home, Joint Base Charleston spouses put together pallets of supplies, sending over 10,000 pounds of food, baby wipes, drinks, and clothing overseas.

The Taliban now have control over Afghanistan. It has led many to question what we have accomplished there over the last 20 years.

But there is no question of the unbelievable effort put forth by our airmen and airwomen, our veterans who served in Afghanistan, and those that loved and supported them and their families during the war.

Today, I think about the 124,000 people who now have freedom and the thousands of Americans and allies who have been safely returned home, and I am proud of the difference the Lowcountry has made in those efforts. God bless our troops, God bless the Lowcountry, and God bless America.

PARRIS ISLAND

Ms. MACE. Mr. Speaker, as the House continues to consider the 2022 National Defense Authorization Act, I wanted to take this opportunity to highlight the Parris Island Protection Act. This critical bill will preserve Parris Island Marine Corps Recruiting Depot for decades to come. Parris Island is responsible for training over a million brave marines, including every enlisted female marine that has ever served in our Marine Corps.

Not only is Parris Island critical to our national defense, but it is also an integral part of the Lowcountry community. It is responsible for the creation of over 6,000 jobs and generates almost \$800 million in economic activity every year.

Sadly, this Congress' version of NDAA is one of the first authorizations not to include any protections against base realignment and closures. I was disappointed to see that absent these usual protections, my amendment to protect Parris Island was not made in order this week as we went through amendments for the NDAA.

I look forward to working with the House Committee on Armed Services to ensure Parris Island remains open, functional, and continues to contribute to the best and brightest in our national defense.

CLEAN ENERGY WEEK

Ms. MACE. Mr. Speaker, as National Clean Energy Week comes to a close, I rise today to bring attention to a spectacular environmental protection effort in my district and the efforts of the 32nd annual South Carolina beach and river sweep, which brought volunteers down to clean up Old Town Bluffton and the May River.

This was the single largest statewide volunteer cleanup of beaches, marshes, and waterways. We know how to take care of our environment in South Carolina's First Congressional District. In fact, across the State we have thousands of volunteers participating every single year. South Carolina's residents

along the coast are passionate about keeping our sparkling waters pristine and our beaches pure.

This year we had an untold number of kids that participated and showed up for the community cleanup. This impact was immeasurable. Seeing our youngsters, our students, and our children participate in environmental cleanups, we are setting ourselves up for success in the Lowcountry and our future by educating our kids who have a passion and love for the Lowcountry, who love our ecosystems, and want to keep them clean. We love seeing our students serving in their community.

RECOGNIZING THE THREAT OF EXTREME HEAT

The SPEAKER pro tempore. The Chair recognizes the gentlewoman from New Jersey (Mrs. WATSON COLEMAN) for 5 minutes.

Mrs. WATSON COLEMAN. Mr. Speaker, I rise today to recognize the threat of extreme heat in the United States and applaud the action of President Biden in mobilizing an all-of-government effort to protect our vulnerable populations from this increasingly common disaster.

Climate change threatens everyone on this planet, and it will continue to do so for generations. While some regions will experience scorching droughts and wildfires, others will experience catastrophic hurricanes and flooding.

Environmental activist Wendell Berry said, "The world is not given by our fathers, but borrowed from our children." The consequences of our past and present decisions are creating a dismal and desolate future for our children and for our children's children.

Unfortunately, even if we rapidly reduce our carbon emissions today, our planet will continue to warm for some time.

Heat threatens the lives of children, the elderly, outdoor workers, and more, as prolonged exposure leads to health risks, such as heat cramps, heat stroke, and of course death.

This summer we experienced this new, hotter than normal heat across this country. In late June, the Pacific Northwest region experienced an abnormal heat wave that led to unprecedented numbers of deaths and hospitalization.

July was the Earth's hottest month on record.

In early August, over 80 million people across 20 States, from Washington to Florida, were under excessive heat warnings and advisories. Simultaneously, States along the East Coast experienced triple-digit heat indexes as a combination of heat and humidity created hazardous and deadly situations.

Most recently, following Hurricane Ida, 10 people died from heat in New Orleans after vulnerable residents lost power, and temperatures climbed to over 90 degrees.

Disadvantaged communities suffer the most from these frequent heat occurrences. Communities of color and low-income communities disproportionately experience higher temperatures than their White and wealthier counterparts.

Decades of discriminate urban planning, like reducing tree cover or increasing hard surfaces, have led to temperature disparities in our most vulnerable communities.

Moreover, in many of these communities residents struggle with significant preexisting and chronic illnesses, like heart disease, diabetes, and high blood pressure, which become fatal in extreme heat.

For some Americans, higher temperatures are not merely a nuisance, they can be deadly. I applaud President Biden's recent decision to address extreme heat.

From protecting outdoor workers by establishing OSHA standards to expanding cooling centers and cooling assistance amidst heat waves, President Biden's commitment to the health and safety of the American population is vital to ensure that fewer lives will be lost to increasing temperatures.

Earlier this year I was proud to introduce the SHADE Act, which aligns with the ambitious goals of President Biden's extreme heat initiatives and addresses the heat disparity experienced in disadvantaged communities. The SHADE Act would create a grant program to plant trees in formerly redlined districts and overburdened communities.

Thanks to the research of Dr. Jeremy Hoffman, Dr. Vivek Shandas, and Nicholas Pendleton, we now know that historical discriminatory housing policies have long-lasting consequences, making formerly redlined neighborhoods hotter than non-redlined neighborhoods.

Climate change is not a distant or slow moving threat. It is here now, and many Americans are battling the consequences of it alone. Too many are losing that battle.

While efforts to combat climate change must be a priority, we must also mitigate the impacts we are already facing. We must ensure that all Americans can adapt and can survive in this new normal.

RECOGNIZING AGNES MAY MEYER DRISCOLL

The SPEAKER pro tempore. The Chair recognizes the gentleman from Virginia (Mr. CLINE) for 5 minutes.

Mr. CLINE. Mr. Speaker, I rise today to recognize one of the greatest code breakers in American history, Agnes May Meyer Driscoll.

At the age of 29 Driscoll enlisted in the United States Navy in 1918 and was assigned to the code and signals section. While in this unit, she helped develop the machine called CM, later a standard enciphering device for the Navy in the 1920s.

She continued her work into World War II, where she was a vital part in breaking the Japanese Navy's JN-25b code, which gave Admiral Nimitz a crucial advantage at the Battle of Midway, a turning point in the war in the Pacific.

Nicknamed Miss Aggie and Madame X, Driscoll retired in 1959 at the age of 70. When she passed away in 1971, she was buried amongst fellow American heroes in Arlington National Cemetery.

Driscoll forever changed the field of cryptology and was rightfully inducted into the National Security Agency Hall of Honor in 2000.

It is a pleasure to recognize her service on behalf of the Colonel Thomas Hughart Chapter of the Daughters of the American Revolution and her great nephew, retired U.S. Navy Captain Victor Meyer, who resides in Staunton, Virginia.

Our country is immensely grateful for Miss Aggie's service.

WAKE UP, AMERICA

The SPEAKER pro tempore. The Chair recognizes the gentleman from Wisconsin (Mr. GROTHMAN) for 5 minutes.

Mr. GROTHMAN. Mr. Speaker, I would like to address the most immediate, but still underpublicized, crisis facing America today.

No country can afford unlimited immigration.

In 2018, 830,000 people were sworn in as new citizens, as they spent years in America proving they were the moral citizens John Adams said were necessary to keep our Republic.

Now record numbers of unvetted immigrants, including, we believe, over 10,000 Haitians at the border, are flooding in our country. We have been processing over 200,000 immigrants at the border each of the last 2 months, many of which are turned around; but in July over 100,000 immigrants were let in. That is in comparison to 8,000 immigrants being let in a year earlier. It appears in August we will be at another 90,000 people coming in.

Because of the flood of refugees, the Border Patrol must do paperwork so that 224 miles of the Texan border is largely ungarded. People I talk to in Border Patrol believe that the official number of 31,000 got-aways is probably understated.

□ 1100

It is hard not to conclude that this is happening by design. Recently, the Biden administration extended temporary protective status, causing drug cartels to inform people all around the world that the border is open.

I should point out, by the way, when people talk about the Haitians, these are not people who are coming here from Haiti. These are Spanish-speaking people who already were in places like Chile, for example. They are not coming here because they have nowhere

else to go; they have somewhere else to go. They are coming here because they received a message from the Biden administration that we are not guarding our borders.

It is apparent they feel the over 800,000 legally vetted immigrants are not enough. It is kind of amazing.

I don't know where the press is in this. The press ought to wake up. Joe Biden and KAMALA HARRIS, other than her 1-day photo op, have largely ignored the border. Wouldn't you think they would be getting nothing but questions as far as what is going on, on the border? Why aren't you down there? Why aren't you seeing what is going on? This will destroy America. America must wake up.

Two weeks ago in the Education and Labor Committee, apparently in an effort to further increase illegal immigration, all 28 Democrats voted specifically to give Pell grants, which is free college, to illegal immigrants—it is unbelievable—while the middle-class families in America are forced to go tens of thousands of dollars in debt to get their college.

We are specifically saying that if you come here illegally, we will give you free college—unbelievable—in addition to promises of free healthcare. It is no wonder that so many people are flooding across our border.

By the way, I want to give our President something to think of. When we appear so weak at the border, I think it tells other countries around the world that we are weak, as well. I don't know what President wants to be known as the weak President, but you don't think that other countries like Iran, groups like the Taliban, Russia, are observing this and taking the measure of what Joe Biden is as he lets people flood across the border?

By the way, we are also finally at a point at which 90,000 Americans are dying every year of illegal drug overdoses. My local law enforcement, who have to deal with the families of the people who die largely because of fentanyl coming across the southern border, wonder why more isn't being done down there. But again, it seems to be, well, middle-class Americans dying of drug overdoses, that is not the priority. So we continue to allow floods coming across the border.

It has been well-publicized that illegal immigrants are coming into America with COVID and other diseases, further causing me to wonder about the sincerity of some of the things that President Biden has said.

I do wonder whether or not the vaccine mandates at the very time that tens of thousands of people are flooding across the border every month, and I do have to wonder about this bizarre bill on Friday, which is certainly going to get headlines as the majority of the House of Representatives votes to legalize abortion until birth, is it an effort to cause the press and even our supposedly conservative news outlets to avert their eyes from the border, as

they have to focus on vaccine mandates and 8½-month abortions?

In any event, I am calling on America to wake up. I realize there is not an election now, but you better make your voice heard, or we are going to lose the border.

RECOGNIZING JOYCE “CLARK” SCHRAM ON HER 90TH BIRTHDAY

The SPEAKER pro tempore. The Chair recognizes the gentleman from Nebraska (Mr. BACON) for 5 minutes.

Mr. BACON. Mr. Speaker, I rise today to recognize one of our great constituents and a great friend of mine, Joyce “Clark” Schram, who celebrated her 90th birthday on June 24. Joyce grew up on a farm, raising cows for milk and butter and chickens for eggs.

To this day, Joyce remembers the winter day in 1936 that her father told them they had to give up their family farm. Joyce compares that day to a funeral. They loaded up and moved to a new farm near Council Bluffs owned by a wealthy man who knew nothing about farming. The Clark family lived on that farm for about 3 years until they moved to another farm east of Crescent, Iowa.

On December 7, 1941, Joyce remembers celebrating her Uncle Leonard's birthday when his father-in-law, who was listening to the radio, shouted from across the big dining room table: “We are at war.” The room became silent. A few hours later, the family learned of the bombing of Pearl Harbor. Months after this, Joyce recalls occasionally hearing the air raid sirens from Omaha and how they had to turn off their lights in their houses until an all-clear signal was given.

Because her family had recently moved, Joyce had a 2-mile trek to her new school. She recalls her father making a path through the timber so she could complete the journey on her pony. Joyce's family moved once again to Council Bluffs, where she attended Thomas Jefferson High School and graduated in 1949. Although she graduated with a scholarship, she sacrificed going to college so that her family would not struggle financially.

Joyce then went to work at Omaha Standard Truck Body for a short time before working at an insurance company. In 1952, she quit and moved back to help out at her family's farm, which was devastated by a flood. After helping her parents for a month, Joyce was offered a job at Mutual of Omaha as a claims auditor. During this time, men were hired more than women, but many men were serving in the Korean war, and Joyce had the skills needed to fill this job role.

That fall, Joyce met her future husband, Conrad “Connie” Schram, shortly before he was deployed to Korea. When he returned a year later, he and Joyce began their courtship, married in 1955, and moved to a farm south of Valley, Nebraska.

In 1956, their son John was born, and in 1957, their daughter Kathleen was born but tragically passed a month later. In 1960, they had a son, but he also, sadly, died at birth. Despite their losses, Joyce and her husband had more children, twin boys, Tim and Tom, who are both friends, and daughter Mary.

Staying in the family business of farming, Joyce and her husband moved from a hill farm in Papillion, Nebraska, to the Hickey farm, which is on ground west of Joyce's house in the Platte River, Iowa, area. They lived there until 1976 when they built their house that Joyce lives in today.

Joyce's husband unexpectedly passed in 1980, leaving Joyce to raise four children. While her twin boys were away at college, her older son John took over the family farm. Joyce said that it was a miracle that the family was able to survive through these tough times after her husband's passing. Joyce credits her children, her sister, Evelyn, and brother-in-law, Norman, for keeping her strong through those tough months.

Joyce went back to school briefly before working for the Sarpy County Election Commission, where she has worked for 12 years to include as the Sarpy County Election Commissioner. In 1996, she was honored and selected as an electoral college member and has been active in the Republican Party for 35 years.

Joyce Schram has lived an eventful, blessed, and full life surrounded by her family and many friends who love and adore her. It should be noted that to this day, Sunday dinner prepared by Joyce has been a staple in her home as long as anyone can remember, and of course, everyone is welcome for dinner.

On behalf of the U.S. House of Representatives, we wish Joyce all the best and congratulate her as she celebrates 90 years of life.

BETTER EQUIPPING FIREFIGHTERS

The SPEAKER pro tempore. The Chair recognizes the gentleman from California (Mr. VALADAO) for 5 minutes.

Mr. VALADAO. Mr. Speaker, last year, California set a record for the most acres burned in a single year, 4.1 million acres.

Already in 2021, devastating fires have burned through 1.6 million acres of our State. Hundreds, if not thousands, of residents are currently under evacuation orders, uncertain if they will have a home to return to once the orders are lifted.

With another heat wave on its way, fighting the flames will be even more challenging, and the risks are even greater.

Each year, California wildfires destroy our communities and put first responders and our firefighters in danger. As these men and women sacrifice their safety, it is imperative we provide firefighters with the latest and

most advanced firefighting technologies.

Containerized aerial firefighting systems provide ground crews with dependable cover from the air by providing a rapid surge of retardant to attack these fires from multiple points of contact.

These fires can spread and expand at alarming rates, making rapid and aggressive containment strategies absolutely critical.

We must provide firefighters with the tools and resources to do their courageous work effectively and safely.

Billions of dollars are spent each year on recovering and restoring the environment and helping to rebuild communities after wildfires.

By investing in technology to increase our capacity to fight fires, we can reduce the recovery spending and preserve California's renowned parkland and countless families' homes and irreplaceable belongings.

As California faces several devastating wildfires burning through our communities and beloved forestland, I ask my colleagues and the U.S. Forest Service to consider investment in containerized aerial firefighting systems and other technologies and resources.

We have a responsibility to protect our communities, our environment, and the firefighters who run toward danger and sacrifice their safety for the safety of others.

To do so, we must equip these brave men and women with the tools they need.

Again, I ask the Forest Service and my colleagues to examine the latest aerial firefighting capabilities as well as additional resources to protect our state and communities.

THOUGHTS AND TAKEAWAYS ON SPENDING

The SPEAKER pro tempore. The Chair recognizes the gentleman from Pennsylvania (Mr. SMUCKER) for 5 minutes.

Mr. SMUCKER. Mr. Speaker, this body just spent several weeks considering a massive spending bill proposed by the Democrats. In my case, as a member of the Ways and Means Committee, we went through a 4-day markup considering the bill and debating the bill, and I want to just share some of my thoughts and takeaways.

The number one takeaway is that I just cannot comprehend how my Democrat colleagues on this bill are thinking. In fact, I hope the American people are paying attention because I have never seen such divergent views about how to create prosperity for all Americans. I have never seen such differing opinions about how to do it.

Now, I will give this to the Democrats: I believe they do want to see the American people prosper. They want to help people. I know we as Republicans want to do that, and I hope they grant us that same courtesy of believing that. But this administration has al-

ready spent trillions of dollars in the past 6 months, trillions of dollars, and now, with this bill, they want to spend another \$3½ trillion.

Democrats literally believe that Big Government is the answer. They believe Big Government will solve these problems and will help Americans prosper.

At the same time, they are disincentivizing work and advancing policies that increase dependence on the Federal Government as if they don't even understand that those who are working and businesses creating jobs and prospering are the ones who are paying the taxes that will pay for these programs. I just don't get it.

Republicans have a far different answer. We believe in the American people. We believe in their creativity, their hard work, their ingenuity. We believe in achieving the American Dream. I have lived that American Dream.

I was born in an Old Order Amish family, number 10 of 12 children. My father was first a farmer and then a roofer, raising 12 children on that income. I was the first in my family to graduate from high school. I paid for my own education. My parents required me to attend a private Christian school.

I bought a small business when I was 17 years old, operating out of a spare bedroom in my parents' home, and lived the American Dream. Over 25 years, I grew, with other family members, that company to be a leader in the type of construction we were doing, creating jobs for hundreds of Americans, family-sustaining jobs.

There are stories like that all across this body, all across the district that I represent, all across the country. It is what we call the American Dream, the idea that every generation can do better than their parents' generation and their grandparents' generation before them.

I think we have a choice in this body, and I think the choice is clear. Will we allow the government to dictate every facet of American life, or will we renew our trust in the American people and in their freedom? That is a question that will determine how our kids and our grandkids will be able to live and whether they have the same opportunities that we had.

I can tell you, Mr. Speaker, whose side I am on. I am on the side of the American people. We have already seen the damage done as a result of these policies that the Democrats have implemented.

We are seeing inflation where the American people are paying more for goods, and their paycheck is buying less than it did before. It is only going to get worse if we continue going down this path. These programs can only be paid for with more debt, printing money, or raising taxes on hard-working Americans. It doesn't work.

□ 1115

Tell me a time in history when it has worked, when a country has overdelivered, overspent, and overpromised.

Mr. Speaker, we have a choice in this body. Every American's desire to achieve greatness is what has made our country the envy of the world.

Let's reject these policies and let's put us on a path to allowing every American the chance to achieve their own American Dream.

NATIONAL DEFENSE AUTHORIZATION ACT

The SPEAKER pro tempore. The Chair recognizes the gentleman from Georgia (Mr. CLYDE) for 5 minutes.

Mr. CLYDE. Mr. Speaker, I rise today in opposition to section 513, 529, and 529A of the National Defense Authorization Act.

Section 513 would require our daughters to register for Selective Service, which is the database behind the military draft.

I thank Congressman GREEN and Congressman DAVIDSON for allowing me the opportunity to cosponsor their amendments to strip this provision from the bill.

Unfortunately, the Rules Committee refused to make either amendment in order, meaning that Members are now not afforded the opportunity to vote their consciences on the issue of drafting our Nation's daughters.

Since our country's founding, women have played a vital role in many of the critical support functions in military forces. The choices these women made in raising their hands to volunteer, to wear the uniform, and to swear an oath to uphold the Constitution are commendable and should be honored. However, it is unconscionable to me that this body would enact a provision to force women into registering for Selective Service.

This would put women in a position where they could be called at random to report for duty before all registered males have been called in the extreme scenario of authorizing a draft during a national emergency.

First of all, adding women to Selective Service is unnecessary. Our Nation has been fortunate enough through volunteer enlistment to have a force that is battle-ready and capable of withstanding any threat posed by our adversaries. If that was not the case, we would not have had a completely voluntary military for the last 40 years. A draft has not been needed since the 1970s, and I am confident that if it ever did get to that point, we would have more than enough men to satisfy the need for increased combatants. And that is the purpose of the draft, to increase available combatants to replace combatants after casualty losses. Thus, this provision is nothing more than an attempt to search for a solution to a problem that would not exist.

In 2015, combat positions were open to women who could meet the physical requirements, but only a small number of women were able to meet those requirements because men and women are distinctly different and not the same physically.

A 2015 study in the Journal of Applied Physiology, found that, on average, men had about 26 pounds more skeletal muscle mass than women. For example, in the Marine Corps, the Ground Combat Element Integrated Task Force found that the musculoskeletal rate of injury for a woman was nearly twice the rate of injury for a man. And research at the Infantry Training Battalion found that the rate of injury for an enlisted woman was six times the rate of injury for a man. More muscle means more strength and less injury.

The U.S. Supreme Court has already upheld the constitutionality of an all-male draft. So why are we doing this? Why are we trying to draft our daughters? It is just not right.

Secondly, I have serious concerns about the lack of explicit accommodation provided in the text that would be needed to ensure we don't haphazardly draft two parents with dependents.

While I realize the bill modernizes language regarding to whom the President is authorized to grant deferments from training and service, which does take into consideration dependents, there is no explicit language to prevent both a mom and a dad from being drafted. That is greatly concerning to me. And it should be greatly concerning to all Americans.

I believe it is an issue that should be addressed by this body and not one determined by unelected officials at the Department of Defense.

The family unit has always and always will continue to play a critical role in forming the posterity of our Nation. And it is imperative that we strive to retain it to the extent within our power to do so and not to erode it. Ensuring women are never forced to sign up for Selective Service and, therefore, never drafted, would be the correct solution.

I also stand in opposition to section 529 of the NDAA, which would shred the due process rights of servicemembers while taking away their unalienable Second Amendment rights. Just think, this section of the NDAA would create the equivalent of a red flag law in the military to eliminate the due process rights of servicemembers who have fought to preserve those very rights for the rest of the country. That is the ultimate in hypocrisy.

I also stand in opposition to section 529A. It includes a prohibition that says an individual who engages in extremist activities or is a member of an extremist organization may not serve as a member of the Armed Forces.

The real issue is the definition of extremism: "The terms extremist activities and extremist organization have the meanings prescribed by the Secretary of Defense."

So it is up to the Secretary of Defense and, thus, under considerable influence of the administration and party in control to decide the meaning of the term.

Mr. Speaker, this area is ripe for First Amendment abuse.

RECESS

The SPEAKER pro tempore. Pursuant to clause 12(a) of rule I, the Chair declares the House in recess until noon today.

Accordingly (at 11 o'clock and 21 minutes a.m.), the House stood in recess.

□ 1200

AFTER RECESS

The recess having expired, the House was called to order by the Speaker pro tempore (Mr. BLUMENAUER) at noon.

PRAYER

The Chaplain, the Reverend Margaret Grun Kibben, offered the following prayer:

O Lord our shepherd, in You we lack nothing. In You we are refreshed by the stillness of Your spirit, restored as with life-giving water. In You we are given respite in fields of tranquility, peaceful pastures far away from the troubles which pursue us.

Yet, even when our paths are fraught with danger, precarious and unpopular crossroads, and challenging no-win situations, You strengthen our resolve with the hope of Your blessing.

When we are threatened by those who do not know us or who do not even wish to understand us, we need not be afraid for the promise of Your protection comforts us. A table of Your gracious welcome is set before us.

Anoint us, O Lord, and allow us to see how abundant are Your blessings. You lay before us a bounty, a feast of Your faithfulness.

Surely Your goodness and mercy are extended to us. Pursue us when we stray from them. Sweep us up in Your loving embrace when we, like sheep, are lost or afraid.

Then, may the length of our days be spent in the delight of Your presence.

In Your most merciful name we pray.
Amen.

THE JOURNAL

The SPEAKER pro tempore. Pursuant to section 11(a) of House Resolution 188, the Journal of the last day's proceedings is approved.

PLEDGE OF ALLEGIANCE

The SPEAKER pro tempore. Will the gentleman from North Carolina (Mr. BISHOP) come forward and lead the House in the Pledge of Allegiance.

Mr. BISHOP of North Carolina led the Pledge of Allegiance as follows:

I pledge allegiance to the Flag of the United States of America, and to the Republic for which it stands, one nation under God, indivisible, with liberty and justice for all.

ANNOUNCEMENT BY THE SPEAKER PRO TEMPORE

The SPEAKER pro tempore. The Chair will entertain up to 15 requests

for 1-minute speeches on each side of the aisle.

CHILDCARE IS A CRITICAL ECONOMIC ISSUE

(Ms. SHERRILL asked and was given permission to address the House for 1 minute.)

Ms. SHERRILL. Mr. Speaker, I rise today because, for too long, women in our workforce have struggled with almost insurmountable childcare issues. Due to our lack of investment, our economy has lost too many talented women as they try to juggle the demands of work and childcare.

After gaining significant ground in the seventies, eighties, and nineties, and expanding our workforce, and increasing our GDP in the process, women have not made significant gains in the workforce in the last two decades. Two decades where women faced economic penalties when they were forced to leave the workforce due to lack of quality and affordable child care. Two decades where, if we had just kept pace with some of our allies, we would have grown our GDP by another \$600 billion.

I rise today because women falling behind is the American middle class falling behind. Penalizing women in the workforce penalizes families and imperils opportunities for our children. And this crisis has been made exponentially worse by COVID.

That is why I am calling on all my colleagues to support legislation to ensure all families have access to quality and affordable childcare. Congress needs to realize this is not simply a women's issue or a children's issue. This is a critical economic issue.

NATIONAL ESTUARIES WEEK

(Mr. POSEY asked and was given permission to address the House for 1 minute.)

Mr. POSEY. Mr. Speaker, this week is National Estuaries Week, a special time to raise awareness about the vital role estuaries play in our communities and our economies, and to encourage local involvement in caring for our diverse ecosystems.

My home in Florida is part of an estuary called the Indian River Lagoon. Supporting the health of our lagoon also supports vast economic, environmental, and recreational needs of our communities.

When our Nation's estuaries are thriving, we know our environment, our fishermen, our businesses and, most importantly, our families are thriving. I encourage my colleagues to join us in recognizing National Estuaries Week and the important role estuaries play in our communities.

BE HUMBLE, NOT ARROGANT ABOUT COVID

(Mr. LIEU asked and was given permission to address the House for 1 minute.)

Mr. LIEU. Mr. Speaker, I would like to ask the people on this floor and the people watching on television a very simple question. Do you know if I am carrying the COVID virus?

In fact, do you know if the next person you meet is going to be carrying the COVID virus?

And the answer is, you don't know, because we cannot see this virus with our naked eyes. And you don't know how this virus is going to interact with your body if it comes in contact with you. Don't act like you do know.

Over 680,000 Americans have died. Millions more have been hospitalized, and many more are still suffering the effects of long COVID.

In Matthew 4:7, Jesus said: Do not put the Lord your God to the test.

God created the laws of chemistry and biology. God is not going to make an exception just for you for this biological virus.

So please be humble, not arrogant, and talk to your doctor about the best way to protect yourself against this virus.

HONORING THE LIFE AND SERVICE OF CORPORAL HUMBERTO SANCHEZ

(Mrs. WALORSKI asked and was given permission to address the House for 1 minute and to revise and extend her remarks.)

Mrs. WALORSKI. Mr. Speaker, I rise today to honor the life and service of my fellow Hoosier, Corporal Humberto Sanchez. Alongside 12 of his brothers and sisters in arms, Corporal Sanchez died in the line of duty while helping to evacuate Americans and allies from Afghanistan.

This young Hoosier knew the risks of the mission and yet, he stood in the face of danger to help vulnerable children evacuate Abbey Gate at the Kabul airport. Instead of running from danger, he stayed at his post and finished the job before him.

Corporal Sanchez exemplified the greatest of the American spirit, a selfless willingness to lay down one's life to serve and protect. His service is the starkest reminder today that freedom is not free.

The American people are indebted to Corporal Sanchez, to each of the fallen, and to their families. We will never forget these heroes.

RAISE THE DEBT CEILING

(Mr. WELCH asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. WELCH. Mr. Speaker, the question before this Congress will be whether we do our duty and raise the debt ceiling. The question of the debt ceiling is not about authorizing new spending. It is about paying our bills, and it is no different than if a family decided it was sick of paying the mortgage and stiffed the bank. Enormous collateral

damage occurs to our economy and to our reputation.

What is so dangerous about what is starting to happen in this Congress is that one side is embracing tactics, shutting down government, defaulting on our debt, that have the likelihood of collateral damage to our reputation, our economy, to our jobs and our prosperity. These tactics, shutting down government, defaulting on paying our bills, much of which have been run up by the Trump administration, must be renounced.

Raise the debt ceiling. Pay our bills. Do our duty.

SAY NO TO ABORTION ON DEMAND

(Mr. HERN asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. HERN. Mr. Speaker, in what is, no doubt, a knee-jerk reaction to the recent legislative victory to protect unborn life in the State of Texas, Democrats have introduced the Women's Health Protection Act. However, we know what this piece of legislation really should be called, the abortion on demand act.

H.R. 3755 completely strips State legislatures of their autonomy to write the laws of their own State and will, in effect, make all 50 States late-term abortion States.

Not only is this a gross overreach of the Federal authority, a direct violation of States' rights to decide their own laws, it is just plain wrong.

Provisions in H.R. 3755 include the elimination of laws requiring parental involvement in a minor's decision to abort a baby, laws preventing abortions based on a baby's sex or diagnosis with a mental disability, as well as laws preventing dismemberment abortions.

It is clear that this bill has nothing to do with protecting women's health; rather, it is the result of Democrats bending the knee to the unethical abortion industry.

I urge my colleagues to vote "no" on the abortion on demand act.

REBUILD OUR NATION'S INFRASTRUCTURE

(Mr. COSTA asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. COSTA. Mr. Speaker, next week we can make bold investments in our Nation, helping families, workers, and communities across the country, by passing the bipartisan infrastructure bill.

Everyone, no matter where you live, deserves access to modern, dependable infrastructure and transportation, water, and so many other efforts that improve our quality of life.

We are living off the investments our parents and grandparents made a generation ago. As an example, in my dis-

trict, in California's San Joaquin Valley, residents in the rural community of Dos Palos were living with an aging water infrastructure system. Last summer, in the midst of the COVID-19 pandemic, problems with this decades-old water treatment plant left them without clean drinking water for 3 days. Residents and businesses suffered. That is simply unacceptable wherever you live in America.

I was able to work with Assemblymember Adam Gray, and we were able to help secure State and Federal funding to construct a new treatment plant, but this piecemeal way of fixing our infrastructure is not the way to go.

We must pass transformative pieces of legislation to rebuild our Nation's infrastructure, for water, for transportation, broadband, and so many other investments that are deeply and sorely needed. Making life better for all Americans should be the priority of everyone who serves in Congress.

The health and development of our communities and the economy depends upon this vote. I urge your support.

CALIFORNIA'S DROUGHT

(Mr. VALADAO asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. VALADAO. Mr. Speaker, for the last six weeks, I was working in my district, meeting with constituents and local officials. The top issue of concern was overwhelmingly centered around California's drought. But this is not a concern to my community alone.

Our farmers cannot continue to grow food for the American families without water. The consequences of this drought and for our entire Nation cannot be understated. Even leaders outside of California are taking notice.

House Natural Resources Committee Ranking Member BRUCE WESTERMAN, as well as USDA Secretary Tom Vilsack, visited the Valley in August to witness the absolute disaster at hand. It is critical that the House majority follow the lead of those who have seen the suffering firsthand and act immediately by supporting legislation such as my bills, the RENEW WIIN Act and the NEED Water Now Act.

JUSTICE IN POLICING THE LOUISIANA STATE POLICE

(Mr. CARTER of Louisiana asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. CARTER of Louisiana. Mr. Speaker, there were over a dozen instances in the past 10 years in which members of the Louisiana State Police ignored or concealed evidence of beatings and interfered with efforts to root out misconduct. The videos show extremely distressing scenes where primarily Black Louisianans were subject to horrifying violence by troopers.

For years, Louisiana State Police has displayed blatant disregard for the accountability practices regarding excessive use of force. It is clear that the department will not clean up its own act.

That is why I am calling on the Department of Justice to conduct a full and expedited pattern-or-practices investigation on Louisiana State Police. Only with an in-depth investigation can we ensure transparency and accountability.

While the majority of officers work hard to protect and serve, we need Federal action to root out misconduct and to get those who are violators. Congress can and must help by passing the George Floyd Justice in Policing Act.

WELCOMING PRIME MINISTER NARENDRA MODI

(Mr. WILSON of South Carolina asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. WILSON of South Carolina. Mr. Speaker, the U.S.-India partnership is strong and mutually vital. It is strengthened with a vibrant Indian-American community assimilated with fantastic economic success.

We are grateful Prime Minister Narendra Modi is in America to attend the gathering of global world leaders.

Here are a few great examples of our partnership: bilateral trade reached \$150 billion; over 2,000 American companies have a presence in India; every U.S. State exports to India, creating over 260,000 jobs; Indian students enrolled in U.S. colleges contributed over \$8 billion to our economy.

An effective organization is AMCHAM India, with President Salil Gupte of Boeing, and William Blair, Ranjana Khanna, and Valerie Swope, who work with President KV Kumar of the Indian American International Chamber of Commerce, coordinating with Governor Henry McMaster of South Carolina and Consul General Swati Kulkarni in Atlanta.

In conclusion, God bless our troops, who successfully protected America for 20 years as the global war on terrorism continues, moving from abroad to our neighborhoods.

SUPPORT FOR WOMEN'S HEALTH PROTECTION ACT

(Mr. VEASEY asked and was given permission to address the House for 1 minute.)

Mr. VEASEY. Mr. Speaker, I bet every single person on this floor today—every single person—knows someone who has had an abortion or exercised their constitutional right to reproductive healthcare.

But that lawful right is under attack in the State of Texas because Republicans in my home State have passed what is probably the most dangerous and draconian law that we have seen since *Roe v. Wade*.

It literally creates a vigilante bounty system that allows a private citizen to sue anyone who knowingly aids or abets a procedure.

In a State like Texas, where people are always professing about freedoms and different things like that, it is amazing to see conservative politicians wage this war against women's rights and against women's healthcare.

I think it is deplorable. This law is dangerous, and it is un-Texan.

Who it is really going to hurt is, disproportionately, low-income women, who are going to find it harder to be able to leave the State to seek these services.

The doctor who wrote the op-ed who said that he performed an abortion, I think that that doctor is a hero, and we ought to applaud him on this House floor today. That is why I am going to vote for the Women's Health Protection Act.

HONORING ROBERTO ESTRADA

(Ms. HERRELL asked and was given permission to address the House for 1 minute.)

Ms. HERRELL. Mr. Speaker, today, I rise to honor Mr. Roberto Estrada.

Mr. Estrada was a beloved icon in the Las Cruces community and recently lost his life to pancreatic cancer at the age of 84.

Estrada learned how to press tortillas at the age of 15, and for decades, he shared his cooking talents with enthusiasm and made Whole Enchilada Fiesta a profound success. His famous tortillas and food products are popular across a wide variety of businesses in New Mexico.

From 2000 to 2010, Mr. Estrada held the Guinness World Record for the world's largest enchilada, which was the centerpiece at the annual Whole Enchilada Fiesta.

Apart from his cooking talents, Estrada was known for his humility, kindness, strong work ethic, and giving back to his community.

He donated much of his food and money to those who needed it the most. The Las Cruces community became a better place because of him.

As a testament to the impact Mr. Estrada made on his community, the Dona Ana County Commission declared Wednesday, September 1, as Roberto Estrada Day.

Estrada was a man of faith and family, a proud member of the Las Cruces Chamber of Commerce and the Las Cruces Hispanic Chamber of Commerce.

The Las Cruces Police Department honored Estrada's legacy, saying: "The people who give you their food give you their heart."

Estrada lived his life selflessly and improved the lives and livelihoods of countless others.

We mourn the loss of Mr. Roberto Estrada, honor his commitment serving others, and know that his legacy will be preserved forever.

RECOGNIZING JONATHON CLARK

(Ms. TLAIB asked and was given permission to address the House for 1 minute.)

Ms. TLAIB. Mr. Speaker, I rise today in recognition of Jonathon Clark, an outstanding resident and community advocate of Michigan's 13th Congressional District.

Jonathon Clark was known for his unwavering commitment to helping others in need and ministering to the spiritual needs of his neighbors.

Whether tending to his beautiful family he shared with his wife, Dawn Wilson-Clark; leading worship at City Covenant Church in Detroit; or lending his talents to several community works, he was an unbelievably beautiful human being.

In his work, he served as a mentor to so many of our young people, and he never shied away from offering them help and guiding them in the right direction.

He also founded an early children's literacy program, called Talking is Teaching, as a coordinator for City Covenant's summer camp.

In honor of his memory, please join me in recognizing his outstanding contributions to Michigan's 13th Congressional District.

HONORING LIEUTENANT COLONEL ALLEN LAMB

(Mr. BISHOP of North Carolina asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. BISHOP of North Carolina. Mr. Speaker, today, I rise to honor retired Lieutenant Colonel Allen Lamb of Lumberton, North Carolina, and to extend him best wishes for a very happy 90th birthday.

Lieutenant Colonel Lamb, a decorated fighter pilot, led the legendary Wild Weasels tasked with destroying North Vietnam's air defenses, which included Soviet-made surface-to-air missile installations. The Wild Weasels baited the enemy into targeting them with their radar, allowing their teammates to detect and destroy the anti-aircraft system.

On December 22, 1965, Lamb was the first Wild Weasel to destroy one of these missile sites, marking a key event in the war and saving countless American lives.

For his heroic service, Lieutenant Colonel Lamb received two Silver Stars and a Distinguished Flying Cross. I am honored to call him a constituent.

Happy birthday to Lieutenant Colonel Lamb.

HONORING THE CAREER OF VERN SQUIER

(Mr. THOMPSON of Pennsylvania asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. THOMPSON of Pennsylvania. Mr. Speaker, I rise today to honor the career of Vern Squier as he celebrates his retirement as president and CEO of the Centre County Chamber of Business and Industry and the Centre County Industrial Development Corporation.

Vern's experience with chamber and economic development spans over two decades. He brought his knowledge and passion for small business to CBICC and CCIDC in 2011, where he served for a decade.

In his time with one of the largest countywide chambers of commerce in Pennsylvania, he worked diligently to move the organization forward.

Vern worked closely with Penn State University's leadership and utilized the output of graduates and staff to build job and wealth creation in the community and in our region.

While in his role as president and CEO, Vern guided CBICC and CCIDC to become the go-to organization for businesses in our community and the greater Centre County region.

I thank Vern for his service and dedication to Centre County. We wish him a fulfilling retirement. He has earned it.

TREATING COVID-19 WITH FENOFIBRATE

(Mr. GROTHMAN asked and was given permission to address the House for 1 minute.)

Mr. GROTHMAN. Mr. Speaker, I would like to bring an underreported story up for the attention of the majority party, the Biden administration, and our press corps.

People are debating masks and mandatory vaccines. I talked to a local coroner, and they have recently found most of their COVID deaths are already vaccinated people.

What if we found a cure? Israeli researchers recently found that fenofibrate, also called TriCor, a long-used anticholesterol drug, cured 14 of 15 elderly patients with comorbidities who were already on oxygen with pneumonia in less than a week. The other one was cured within 14 days. It also dramatically reduced the damage many COVID patients suffer after the cure.

Wouldn't it be great if COVID could be cured for less than \$20 a day?

Fenofibrate. That is two F's in fenofibrate. Google The Jerusalem Post.

I beg the CDC or NIH to take action. The press should publicize this and ask why the politicians aren't doing more to bring this to market and curing COVID.

BIDEN ADMINISTRATION PLANS TO INFRINGE ON AMERICANS' PRIVACY

(Mr. TIFFANY asked and was given permission to address the House for 1 minute.)

Mr. TIFFANY. Mr. Speaker, I rise today in opposition to the Biden administration's latest plan to infringe on the privacy of millions of Americans.

Amid raging inflation and a multi-trillion-dollar spending spree, President Biden and the Democrats now want to spy on American citizens' financial transactions.

This proposal would require financial institutions to report information about the outflows and inflows on all accounts with over \$600 to the IRS every year.

Not only would such a massive data collection cause large compliance costs for our local banks, credit unions, and financial institutions in Wisconsin and across the country, it would further deepen mistrust in our financial institutions and community banks.

The IRS experiences 1.4 billion cyberattacks annually and has experienced multiple data breaches. This leaves Americans' most private of information vulnerable to attack and fraud.

Privacy is one of the main reasons individuals do not open bank accounts. Having the government monitor and collect data on personal financial account transactions will further this distrust with financial institutions.

Law-abiding Americans deserve the right to privacy over their personal financial data. Allowing the government to sift through our financial records is a violation of our basic right to privacy.

PREVENTING VETERAN SUICIDE

(Mr. GARBARINO asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. GARBARINO. Mr. Speaker, I rise today, during Suicide Prevention Month, in honor of the American heroes who have lost their battles with PTSD, depression, and other mental illness.

While suicide affects Americans from all walks of life, veterans commit suicide at a rate that is 1.5 times higher than those who have not served in the military. According to the VA, nearly 18 veterans take their own life each day, and at least 60,000 veterans died by suicide between 2008 and 2017.

This is unimaginable. After surviving the horrors of war, veterans deserve our unwavering commitment to safeguarding their physical and mental health.

That is why I introduced H.R. 1123, the Veteran Suicide Prevention Act, which directs the VA to complete a review of suicides by veterans in the last 5 years and provide recommendations to improve the well-being of veterans.

Issues of mental illness can be nuanced and complex, but we owe it to our veterans to put every resource behind understanding what factors lead to veteran suicide so that we can put a stop to it and save veteran lives.

MASSIVE ILLEGAL IMMIGRATION

(Mr. LAMALFA asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. LAMALFA. Mr. Speaker, this past week, I was appalled to see the massive illegal immigration camp in Del Rio, Texas.

This single camp, which has garnered so much attention, has been shut off from even being monitored by the media, yet it does not represent even 10 percent of the total border violations this month.

The United States is currently recording the highest number of border arrests in over 20 years. We hit 1 million arrests by June of this year, and at least 420,000 more have arrived since then.

The problem is not exclusively about immigrants being forced from their homes. Illegal immigration fuels the drug trade and human trafficking. To stop this, we need to hire more immigration officers, build better infrastructure along the border, and create a more secure immigration process.

Unfortunately, in this Chamber, we are more willing to throw billions at high-speed rail projects and environmental mandates, even build better fences around the Capitol than we have on some portions of the border. We can't muster the courage to roll even a single dime toward the southern border and its improved security.

If the priorities of this House and the rhetoric of the Biden administration officials continue down this path, then the wave of illegal immigration will only get worse.

ANNOUNCEMENT BY THE SPEAKER PRO TEMPORE

The SPEAKER pro tempore. Pursuant to clause 8 of rule XX, the Chair will postpone further proceedings today on motions to suspend the rules on which the yeas and nays are ordered.

The House will resume proceedings on postponed questions at a later time.

IRON DOME SUPPLEMENTAL APPROPRIATIONS ACT, 2022

Ms. DELAURO. Mr. Speaker, I move to suspend the rules and pass the bill (H.R. 5323) making supplemental appropriations for the fiscal year ending September 30, 2022, and for other purposes.

The Clerk read the title of the bill.

The text of the bill is as follows:

H.R. 5323

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,

That the following sums are appropriated, out of any money in the Treasury not otherwise appropriated, for the fiscal year ending September 30, 2022, and for other purposes, namely:

DEPARTMENT OF DEFENSE
PROCUREMENT

PROCUREMENT, DEFENSE-WIDE

For an additional amount for “Procurement, Defense-Wide”, \$1,000,000,000, to remain available until September 30, 2024, for the Secretary of Defense to provide to the Government of Israel for the procurement of the Iron Dome defense system to counter short-range rocket threats: *Provided*, That such funds shall be provided to address emergent requirements in support of Operation Guardian of the Walls: *Provided further*, That such funds shall be transferred pursuant to an exchange of letters and are in addition to funds provided pursuant to the U.S.-Israel Iron Dome Procurement Agreement, as amended: *Provided further*, That nothing in the preceding provisos shall be construed to apply to amounts made available in prior appropriations Acts for the procurement of the Iron Dome defense system: *Provided further*, That such amount is designated by the Congress as being for an emergency requirement pursuant to section 4001(a)(1) and section 4001(b) of S. Con. Res. 14 (117th Congress), the concurrent resolution on the budget for fiscal year 2022.

GENERAL PROVISIONS—THIS ACT

SEC. 101. Each amount appropriated or made available by this Act is in addition to amounts otherwise appropriated for the fiscal year involved.

SEC. 102. Unless otherwise provided for by this Act, the additional amounts appropriated by this Act to appropriations accounts shall be available under the authorities and conditions applicable to such appropriations accounts for fiscal year 2022.

This Act may be cited as the “Iron Dome Supplemental Appropriations Act, 2022”.

The SPEAKER pro tempore. Pursuant to the rule, the gentlewoman from Connecticut (Ms. DELAURO) and the gentlewoman from Texas (Ms. GRANGER) each will control 20 minutes. The Chair recognizes the gentlewoman from Connecticut.

GENERAL LEAVE

Ms. DELAURO. Mr. Speaker, I ask unanimous consent that all Members have 5 legislative days in which to revise and extend their remarks and include extraneous material on H.R. 5323 currently under consideration.

The SPEAKER pro tempore. Is there objection to the request of the gentlewoman from Connecticut?

There was no objection.

Ms. DELAURO. Mr. Speaker, I yield myself such time as I may consume.

Mr. Speaker, I rise in support of the Iron Dome Supplemental Appropriations Act, which provides \$1 billion in funding for Iron Dome, Israel's short-range missile defense system.

In May, during the latest period of increased violence between Israel and Hamas, more than 4,000 rockets were launched from Gaza. Using radar technology and missiles to track and destroy incoming rockets, the Iron Dome intercepted over 90 percent of the rockets that would have landed in civilian-populated areas. This system, with help from Congress' funding, saved thousands of lives in that month alone.

Under the 2016 memorandum of understanding between the United States and Israel, the United States is committed to replenishing the Iron Dome

so Israel can continue to defend itself from attack and protect its citizens.

With the funding in this bill, the Iron Dome would continue to protect millions of civilians. Let me repeat, this funding, as the bill language clearly states, is limited to a system that is entirely defensive. And there is no greater demonstration of the defensive nature of this system than the videos showing the Iron Dome's interception capacity.

Mr. Speaker, the United States has long been committed to the objective of a two-state solution, Israelis and Palestinians living side by side in a lasting peace. The legislation before us ensures that Israel can fully defend all its citizens, a necessary condition for lasting peace.

In the State, Foreign Operations, and Related Programs funding bill passed by the House over the summer, we provided funding to help meet the humanitarian and development needs of the Palestinian people, another requirement for lasting peace.

Peace must always be our mission. It will allow Israelis and Palestinians to reconcile their differences and heal their many wounds. But only through peace can this reconciliation and healing even begin to be achieved.

Mr. Speaker, this bill demonstrates that Congress' commitment to our friend and ally Israel is bipartisan and ironclad. It fulfills our moral imperative to protect the lives of innocent civilians and helps build the foundations for peace.

I urge my colleagues to support this bill, and I reserve the balance of my time.

Ms. GRANGER. Mr. Speaker, I yield myself such time as I may consume.

Mr. Speaker, I rise today in strong support of H.R. 5323, which provides funding for Israel's Iron Dome system.

I have a long record of supporting Israel and am proud to support this bill today.

We originally secured funding for Iron Dome in the continuing resolution that was filed Tuesday morning. Unfortunately, that funding was then stripped out to address concerns on the Democrat side, and a new CR was introduced.

In addition, Republicans voted for my motion to recommit, which could have addressed this issue, but the majority party was united in voting against it.

Let me explain why this bill is important to pass as quickly as possible. Four months ago, Israel was under attack from terrorists. The rocket fire into Israel was unprecedented. Countless civilian lives were saved because of the Iron Dome system that the United States has supported year after year.

Due to the attacks this last spring, Iron Dome rocket interceptors need to be replenished. This funding is critical and time-sensitive. We must ensure Israel has what it needs to defend itself in the face of real and growing threats.

Providing this funding sends an important message to Israel and those

who wish them harm, that the United States stands with Israel and against terrorists. We must reassure our ally that America will never turn its back on the great State of Israel.

I urge passage and reserve the balance of my time.

Ms. DELAURO. Mr. Speaker, I yield 1 minute to the gentlewoman from Minnesota (Ms. MCCOLLUM), the chair of the Defense Appropriations Subcommittee.

Ms. MCCOLLUM. Mr. Speaker, I am a strong supporter of human rights, Palestinian and Israeli rights.

As chair of the Defense Appropriations Subcommittee, Iron Dome was fully funded in the FY22 Defense appropriations bill that passed out of committee with unanimous Democratic support and no Republican votes.

The CR earlier this week added language for a billion dollars for Iron Dome, despite no requests received by me from the Biden administration.

Madam Chair, you and I agree, this was a matter that could have been worked out in conference committee, but today we have this emergency bill in front of us. I would like to engage in a colloquy with the chair of the full committee to clarify this important point.

Can any funds in this bill be used for the procurement of offensive weapons by the Government of Israel? I yield to my friend for an answer.

Ms. DELAURO. I thank the gentlewoman for yielding. The answer is no, they cannot be used for offensive weapons by the Government of Israel. On page 2, line 7, the bill clearly states the purpose, “for the procurement of the Iron Dome defense system to counter short-range rocket threats.”

Ms. MCCOLLUM. Thank you. This bill clearly states that this funding is purely for defensive purposes.

Ms. GRANGER. Mr. Speaker, I yield 2 minutes to the gentleman from Arkansas (Mr. WOMACK), the ranking member of the Financial Services and General Government Subcommittee.

Mr. WOMACK. Mr. Speaker, I rise this afternoon in steadfast support of this supplemental and of Israel.

In the same week President Biden pledged to stand with our allies, his Democrat counterparts removed critical defense resources for our long-standing ally and friend. We shouldn't be surprised, given the openly anti-Semitic sentiments and comparisons of Israel and America to terrorist organizations expressed by some on the other side.

The State of Israel has the right to exist free of terror. This point should not be controversial. The bill is simple. As evidenced by the colloquy just a minute ago, it replenishes the defensive Iron Dome system. I will say it again. It replenishes a defensive system.

The Iron Dome has no offensive capability, and yet there are still members on the Democrat side of the aisle who oppose it. It was that opposition, Mr.

Speaker, that delayed proceedings in this very Chamber on Tuesday, forcing leadership to pull Iron Dome from the continuing resolution, so they could have the votes to pass.

Interestingly, we didn't see the same visceral reaction to leaving more than a billion dollars' worth of artillery in the hands of terrorists in Afghanistan, as we are seeing with this defensive system.

They are openly opposing a capability that protects women and children from terrorist rocket attacks.

In the words of our own Speaker, it is about the children.

Earlier this year, Hamas and other terrorist organizations launched more than 4,000 rockets at Israeli civilians. We are talking about children and families simply trying to live their lives.

I hope this bill passes without opposition. That, Mr. Speaker, should be the standard. I urge each and every one of my colleagues to support this bill.

Ms. DELAURO. Mr. Speaker, I yield 2 minutes to the gentlewoman from Florida (Ms. WASSERMAN SCHULTZ), the chair of the Military Construction and Veterans Affairs Subcommittee.

Ms. WASSERMAN SCHULTZ. Mr. Speaker, I rise in strong support of the Iron Dome Supplemental Appropriations Act of 2022, which I was proud to help bring to the floor today.

The United States has long supported critical funding to help our democratic ally, Israel, protect herself by herself.

During my trips to Israel, I have been privileged to spend hours meeting with families living near the border with Gaza who huddle in bomb shelters designed to dually function as schools. There you can see Israel's geographic vulnerability firsthand and clearly understand the urgency of securing this replenishment funding for Israel's highly effective Iron Dome missile defense program.

Israel relies on the Iron Dome to defend her citizens against incoming rocket fire from terrorist groups like Hamas, Islamic jihad, and Hezbollah. Earlier this year when terrorist groups fired 4,500 rockets at Israel's population centers in just 11 days, the Iron Dome effectively intercepted 90 percent of those rockets, saving innocent Israeli and Palestinian lives.

The system also maintains regional stability by preventing dangerous escalation. For these reasons, I know I will continue to use my vote and my voice to maintain our Nation's ironclad commitment to Israel's security, including maintaining her qualitative military edge, especially against emerging terrorist threats.

This is a defense system. Its whole purpose is to stop violence and save lives. By supporting this program, you are promoting peace.

I am proud to have worked on a strategy with other pro-Israel Democrats and our House leadership to ensure there is no question about our commitment to the safety and security of our closest ally in the Middle East, Israel.

I urge the United States Senate to take up this urgent funding bill immediately to defend our ally Israel and increase prospects for peace and avoid the CR debt-limit debate. I thank the chair for bringing this important legislation to the floor.

Ms. GRANGER. Mr. Speaker, I yield 2 minutes to the gentleman from Arkansas (Mr. HILL).

Mr. HILL. Mr. Speaker, I thank the Speaker, I thank the ranking member of the Appropriations Committee, and the chair for bringing this measure to the floor. But to paraphrase President Reagan, Well, there you go again.

Why are we here? This should have been in the CR, approved, or we should have had support for the ranking member's motion to recommit, but we are here for a supplemental appropriation for the Iron Dome.

I support it, but it is disgraceful that we have had to come back to the House floor to carry on this mission.

The Iron Dome is one of the most successful military and technology partnerships in world history. Earlier this year, the missile defense system, Iron Dome, saved countless lives, Mr. Speaker, of Israeli and Palestinian citizens from relentless attack.

In July I traveled to Israel with Foreign Affairs Committee Chair MEEKS on the first U.S. congressional codel since the pandemic. Where was it? Our first visit, Jerusalem, to meet the new Israeli coalition government.

Despite a change in power and a new governing coalition between left and right, there is no space, Mr. Speaker, between the parties in Israel that the number one national security threat continues to be Iran.

And who funds that roaring rocket reign of terror flying into Israel from Hamas? Iran.

Mr. Speaker, we have historically in this body had strong bipartisan support for our friend, Israel. On our trip, our delegation, led by Chair MEEKS, assured the Israeli Government that we have their back and that we would continue to fund Iron Dome. I thank him for his critical voice.

While this makeup vote restores the funding stripped by Democratic colleagues earlier this week, the concern I have is like the gentlewoman from Florida, those strong Democratic friends of Israel are continuing to be thrown under the bus on this House floor by the far left.

Mr. Speaker, I urge approval. I thank the Appropriations Committee.

Ms. DELAURO. Mr. Speaker, I yield 1 minute to the gentleman from New Jersey (Mr. PASCRELL).

Mr. PASCRELL. Mr. Speaker, I support Israel's right to defend herself. I have always voted for defensive technology, which we should invest in.

The Congress first supported Iron Dome funding a decade ago after a request made by President Obama.

In 2014 I visited Israel. I saw with my own eyes how the Iron Dome stopped rockets and saved lives.

This year we saw the horrific launching of rockets from Gaza toward Israeli streets. It is never okay to target civilians.

While the deescalation prevailed, there was a tragic loss of life in Israel and Gaza. Extremism and vicious rhetoric breed instability.

This year the U.S. rightly provided millions in humanitarian assistance to the Palestinian people. Thanks to the bill before us, Congress is reaffirming our commitment to Israel's right to defend itself.

Iron Dome technology keeps people safe, and it saves lives.

Ms. GRANGER. Mr. Speaker, I yield the balance of my time to the gentleman from Tennessee (Mr. FLEISCHMANN), and I ask unanimous consent that he control the remainder of the time.

The SPEAKER pro tempore. Is there objection to the request of the gentleman from Texas?

There was no objection.

Mr. FLEISCHMANN. Mr. Speaker, I yield myself such time as I may consume.

I rise today on this very important issue that is near and dear to my heart and ought to be near and dear to the heart of this body and the United States of America.

I think the Democratic majority made a horrific mistake this week in stripping out Iron Dome funding from the NDAA bill. I was shocked.

I was shocked because I grew up in a country that, despite being a Republican—and I am a strong Republican; my mother was a strong Democrat, my father was a strong Republican—support for Israel, our beloved ally, our democratic ally, our only really, really reliable ally in the Middle East was stripped out of that bill.

□ 1245

This was a defensive mechanism. This is a system, Mr. Speaker, that keeps missiles from coming in and killing innocent men, women, and children who live in fear. Never let an Israeli live in fear from terrorism again; a defensive mechanism, a defensive system.

So today I do applaud the Democrats for finally standing up and admitting their mistake with this bill that is unnecessary in this format but has become necessary because it was stripped out of the major NDAA bill.

So I will be strongly supporting this bill, this billion dollars for a defensive system, but more importantly today before I reserve the balance of my time, let me say that as an American, as a Republican, as a servant in this House, the United States of America must state its unequivocal support for the State of Israel.

Israel has gone through a tumultuous history since its founding. The United States has stood with Israel. We will stand with Israel today on this important bill. We will fund the Iron Dome, and we will always protect the Israeli people from terrorism wherever it comes from.

Mr. Speaker, I reserve the balance of my time.

Ms. DELAURO. Mr. Speaker, I yield 1 minute to the gentlewoman from New York (Mrs. CAROLYN B. MALONEY).

Mrs. CAROLYN B. MALONEY of New York. Mr. Speaker, I strongly support funding for the Iron Dome.

The Iron Dome is a purely defensive system, one that has saved countless innocent lives. Its whole purpose is to save lives and pursue peace.

I strongly support Israel's right to defend herself. Since its formation, Israel, our closest ally in the Middle East, has been under attack by terrorist organizations like Hamas and Hezbollah that deny its right to exist. The Iron Dome is crucial to protecting lives against these terrorist attacks who continue to fire thousands of rockets into Israel.

I am proud of the work that Israel and the United States did together to develop this successful defensive system, and I urge all my colleagues to support the Iron Dome Supplemental Appropriations Act. This should be a totally bipartisan effort.

I particularly thank the members of the Appropriations Committee and Chair DELAURO, DEBBIE WASSERMAN SCHULTZ, and many others for their work for bringing it swiftly to the floor. I urge a "yes" vote.

Mr. FLEISCHMANN. Mr. Speaker, I reserve the balance of my time.

Ms. DELAURO. Mr. Speaker, I yield 1 minute to the gentlewoman from California (Ms. PELOSI), the Speaker of the House.

Ms. PELOSI. Mr. Speaker, I thank the distinguished chairwoman of the Appropriations Committee for yielding, but more importantly, for her unwavering support for this important priority. Thank you, Ms. DELAURO, for your leadership in bringing this legislation to the floor to further express the will of Congress in a bipartisan way for the security of Israel.

Iron Dome is a purely defensive system designed to safeguard all civilians living in Israel. The system was co-developed by the United States and Israel and has saved thousands of lives.

Additional financial support for Iron Dome was part of the memorandum of understanding negotiated by President Obama in 2016. The funding being appropriated today simply continues and strengthens this support.

Passage of this bill reflects a great unity in Congress on a bipartisan and bicameral basis for Israel's security.

Assistance to Israel is vital, because Israel's security is an imperative for America's security.

Today and every day, Congress stands in support of a comprehensive, durable peace in the region, and we pray for every life lost on all sides of this conflict.

I urge a strong bipartisan vote for the security of the people of Israel and for this legislation.

Again, I commend all who have been a part of putting this together, Con-

gresswoman WASSERMAN SCHULTZ, Congressman DEUTCH, and so many others that I see here.

Mr. FLEISCHMANN. Mr. Speaker, I reserve the balance of my time.

Ms. DELAURO. Mr. Speaker, I yield 1 minute to the gentleman from New Jersey (Mr. NORCROSS).

Mr. NORCROSS. Mr. Speaker, I thank the chairwoman for yielding, and I appreciate her bringing this important bill to the floor in such a timely manner.

I rise today in speaking of the importance of defending innocent lives from indiscriminate attacks, because that is exactly what Iron Dome does. It is a purely defensive system that safeguards lives and thousands of civilians living in Israel, many of whom have friends and family right in my south Jersey district.

This shouldn't be a partisan issue, and I hear that right before they start blaming the other side. My God, the reason why it didn't come up before is because they wouldn't vote for it. We couldn't count on them. Just like we can't count on them on so many issues.

This saves lives. 300,000 of them are American citizens living in Israel. You heard the number, 4,000 shots. Very few people lost their lives. Still too many. Imagine how many would have died if this system were not in place.

This is just so important for our relationship with Israel. If we fail to stand by our closest allies what message are we sending to others?

So protecting civilian lives through this defensive system is a nonpartisan issue, and we must support it. I urge all my colleagues to support this measure.

Mr. FLEISCHMANN. Mr. Speaker, I reserve the balance of my time.

Ms. DELAURO. Mr. Speaker, I yield 1 minute to the gentleman from Rhode Island (Mr. CICILLINE).

Mr. CICILLINE. Mr. Speaker, I rise today in strong support of the Iron Dome Supplemental Appropriations Act.

Israel has the right to defend itself against any assault on its sovereignty and its people. This funding will help replenish Israel's Iron Dome to safeguard the Israeli people from Hamas rocket fire and other terrorist threats.

It is unfortunate, Mr. Speaker, that my colleagues on the other side of the aisle have decided to politicize such an important and serious issue even after the recent deadly hostilities between Israel and Hamas. They tried to play political games with something as deadly serious as Iron Dome by claiming we should have included this in a different vehicle, which every single Republican voted against.

Too much of a risk.

Today's vote is a reminder that the United States will always stand with our ally Israel, and we have always supported funding for Iron Dome, we will continue to do so.

Enough with the politics. Israel wants bipartisan support. This political gamesmanship must end. Today's vote will help do that.

Mr. FLEISCHMANN. Mr. Speaker, I continue to reserve the balance of my time.

Ms. DELAURO. Mr. Speaker, I yield 1 minute to the gentlewoman from North Carolina (Ms. MANNING).

Ms. MANNING. Mr. Speaker, I rise today in strong support of H.R. 5323, the Iron Dome Supplemental Appropriations Act.

Israel is our most important, most reliable, and only democratic ally in the Middle East. The United States has a longstanding bipartisan commitment to Israel's security, and that commitment must remain ironclad.

In May, innocent civilians in Israel, Jews, Christians, and Muslims were targeted by terrorist groups from Gaza who fired more than 4,500 rockets at schools, hospitals, and population centers. It was the Iron Dome missile defense system that intercepted those rockets, saving thousands of lives.

Now we must stand with our ally on a bipartisan basis and make sure Israel has the resources to defend her people from future terrorist attacks. We do that by passing this bill.

I am grateful to Majority Leader HOYER and Chairwoman DELAURO for their leadership in bringing this supplemental to the floor today. We cannot play politics with Israel's security especially when lives are at risk.

Mr. FLEISCHMANN. Mr. Speaker, I continue to reserve the balance of my time.

Ms. DELAURO. Mr. Speaker, I yield 1 minute to the gentlewoman from Connecticut (Mrs. HAYES).

Mrs. HAYES. Mr. Speaker, I thank the gentlewoman for yielding.

Mr. Speaker, I rise in support of this bill. There are serious votes, and then there are messaging votes. A messaging vote is designed for attack ads.

That is exactly what we saw on the floor yesterday. The motion to recommit, a parliamentary action, has been turned into a dishonest attack and framed as a vote against the security of Israel.

I am a Democrat, and I remain firm in my commitment and appreciation for Israel's legitimate right to self-defense, and I remind everyone again that the motion to recommit just sends the bill back to committee.

According to the memorandum of understanding between Israel and the United States reached in 2016, for fiscal years 2019 through 2028, the United States is expected to provide \$500 million every year for missile defense. That has not changed.

Funding for the Iron Dome was never in jeopardy. In fact, President Biden has pledged to replenish the Iron Dome funding system, and Congress will approve it following the correct legislative action.

A motion to recommit is a procedural vote that sends a bill back to committee. That is all it does. My Republican colleagues have shown time and time again that when we have to take actual votes, they vote against Israel.

The SPEAKER pro tempore. The time of the gentlewoman has expired.

Ms. DELAURO. Mr. Speaker, I yield the gentlewoman an additional 30 seconds.

Mrs. HAYES. Mr. Speaker, on July 1 the Appropriations Committee voted on H.R. 4373, which contains the bulk of Israel aid, \$3.3 billion in security assistance. Every Republican voted “no.”

On July 13, the Appropriations Committee voted on H.R. 4432, which includes \$500 million in missile defense. Every Republican voted “no.”

So let’s be honest about what is happening here. We have consistently voted to support our allies in Israel.

I end by saying, being pro-Israel and expressing concern for Palestinian rights are not mutually exclusive. I will continue to challenge myself and my colleagues and ask the difficult questions in an effort to work toward a solution. I urge a “yes” vote.

Mr. FLEISCHMANN. Mr. Speaker, I continue to reserve the balance of my time.

Ms. DELAURO. Mr. Speaker, I yield 1 minute to the gentleman from Illinois (Mr. SCHNEIDER).

Mr. SCHNEIDER. Mr. Speaker, 30 years ago in the Gulf war, Israel endured 31 scud missile strikes from Iraq; its population effectively defenseless.

Fifteen years ago in the second Lebanon war, Hezbollah fired 4,000 rockets at Israel in 34 days. Again, Israel had no active defense.

Five months ago over the course of just 11 days, Hamas and other terrorist groups in Gaza launched more than 4,500 rockets at Israel, but because of Iron Dome, Israel is no longer defenseless. Iron Dome has saved lives both Israeli and Palestinian.

America’s commitment to Iron Dome is rock solid. Today’s vote will make that clear in spite that some on both sides of the aisle will seek to make Israel and our unyielding support for the U.S.-Israel relationship a wedge issue.

There are so many reasons for hope in the region. Israel has a new government with the broadest imaginable governing coalition, including Arab parties. Israelis and Palestinians are talking to each other again. The Abraham Accords are changing the dynamic between Israel and her Arab neighbors. Progress in all these areas starts with and depends on security.

The SPEAKER pro tempore. The time of the gentleman has expired.

Ms. DELAURO. Mr. Speaker, I yield the gentleman an additional 10 seconds.

Mr. SCHNEIDER. Progress in all these areas starts with and depends on security, and security starts with and relies on Iron Dome funding.

I urge my colleagues to join me in supporting this critical funding and hope the Senate will take it up immediately.

Mr. FLEISCHMANN. Mr. Speaker, I continue to reserve the balance of my time.

Ms. DELAURO. Mr. Speaker, I yield 1 minute to the gentleman from New Jersey (Mr. GOTTHEIMER).

Mr. GOTTHEIMER. Mr. Speaker, I rise today in support of critical legislation to support our key ally Israel on the Iron Dome technology we worked with them to develop.

For 73 years, the United States and Israel have fostered and strengthened a remarkable relationship rooted in our shared values of freedom and democracy.

We continue to see those values attacked today.

Israel’s national security is key to America’s national security and to our fight against terror.

Earlier this year, terrorists in Gaza including Hamas and the Palestinian Islamic jihad fired more than 4,500 rockets at innocent civilians in Israel in just 11 days.

We thank God each day for the Iron Dome, which intercepted 90 percent of the incoming rockets, saving countless lives.

□ 1300

Unfortunately, some of my colleagues recently used support for this defense system as a political football. They threatened to shut down the Federal Government, putting at risk hurricane disaster relief and help for Afghan refugees, all over support for Iron Dome. It was outrageous, but now we have a chance to act.

Let’s pass this bill, support Iron Dome, and continue our historic, bipartisan support for the U.S.-Israel relationship. The Senate should then immediately take up this standalone measure and not let it get bogged down in the ongoing debt ceiling and continuing resolution debate.

Mr. Speaker, we must protect our ally, the only democracy in the Middle East. Our national security is on the line.

Mr. FLEISCHMANN. Mr. Speaker, I continue to reserve the balance of my time.

Ms. DELAURO. Mr. Speaker, I yield 1 minute to the gentlewoman from Michigan (Ms. TLAIB).

Ms. TLAIB. Mr. Speaker, I rise in opposition to this supplemental.

I will not support an effort to enable and support war crimes, human rights abuses, and violence.

We cannot continue talking only about Israeli’s need for safety at a time when Palestinians are living under a violent apartheid system and are dying from what Human Rights Watch has said are war crimes.

We should also be talking about the Palestinian need for security from Israeli attacks. We must be consistent in our commitment to human life, period. Everyone deserves to be safe there.

The bill claims to be “a replenishment” for weapons apartheid Israel used in a crisis it manufactured when it attacked worshippers at one of the most holiest Islamic locations, al-Aqsa

Mosque, committing, again, numerous war crimes.

Yet, \$1 billion in American taxpayer dollars that my colleagues want to give represents, to me, an absurd and unjustifiable 140 times increase to U.S. funding for the Iron Dome.

I firmly believe our country must oppose selling weapons to anyone anywhere without human rights law compliance.

The Israeli Government is an apartheid regime—not my words, the words of Human Rights Watch and Israel’s own human rights organization B’Tselem.

Mr. Speaker, I urge my colleagues: Please stand with me in supporting human rights for all.

I include in the RECORD this Human Rights Watch article.

[From BBC News, Aug. 23, 2021]

ISRAELI STRIKES ON GAZA HIGH-RISES MAY BE WAR CRIMES—HUMAN RIGHTS WATCH

No-one was hurt in the attacks, but a report by the campaign group says dozens of families were left homeless.

The Israeli military said Palestinian militant groups were using the towers for military purposes and turning civilians inside into human shields.

But HRW said it had not provided evidence to support those allegations.

At least 256 people were killed in Gaza, according to the United Nations, and 13 people were killed in Israel during 11 days of fierce fighting.

It began after weeks of spiralling Israeli-Palestinian tension in East Jerusalem which culminated in clashes at a holy site revered by both Muslims and Jews. Hamas—the militant Islamist group which rules Gaza—began firing rockets after warning Israel to withdraw from the site, triggering retaliatory air strikes.

Between 11 and 15 May, Israeli strikes destroyed the Hanadi, Jawhara, Shorouk, and Jala towers in Gaza City.

In each case, the Israeli military warned tenants of impending attacks, allowing for their evacuation, according to HRW’s report.

Israeli authorities said the buildings housed offices of Hamas and other Palestinian militant groups, including the headquarters of certain units and military intelligence. One tower included offices for “the most valuable Hamas technological equipment” for use against Israel, it says.

HRW’s investigation was based on interviews with 18 Palestinians who witnessed the strikes or were affected by them, along with analysis of videos and photographs.

It found no evidence that members of militant groups involved in military operations had a current or long-term presence in any of the towers at the time they were attacked.

Even if there were such a presence, the report says, the attacks appeared to cause foreseeably disproportionate harm to civilian property.

The strike on the 12-storey Jala Tower, which housed the offices of the Associated Press (AP) news agency and the Al Jazeera broadcasting network, provoked widespread outrage.

In June, Israel’s ambassador to the US told AP executives that the building was being used by Hamas to develop an electronic jamming system against the Israeli military’s Iron Dome missile defence system.

But the AP’s executive editor said it had never had any indication that Hamas militants might be in the tower.

"The apparently unlawful Israeli strikes on four high-rise towers in Gaza City caused serious, lasting harm for countless Palestinians who lived, worked, shopped, or benefited from businesses based there," said Richard Weir, HRW's crisis and conflict researcher. "The Israeli military should publicly produce the evidence that it says it relied on to carry out these attacks."

In response to HRW's report, the Israeli military told the BBC: " Hamas and the other terror organisations deliberately and unlawfully embed their military assets in densely populated civilian areas, in order to make it more difficult for the Israel Defense Forces (IDF) to attack their military assets."

"The assets Hamas tried to hide inside these multi-storey buildings . . . were often of particularly high military value, and successfully striking them was of strategic importance to the IDF," it added.

The military stressed that it provided "significant advance warnings and took efforts to ensure civilians had evacuated" in all four cases.

HRW has published two other reports on the conflict that accused both sides of carrying out attacks that apparently amount to war crimes.

The first said an investigation into three Israeli strikes that killed 62 civilians found no evidence of military targets nearby, while the second said the firing of 4,000 unguided rockets and mortars towards Israeli cities and towns by Palestinian militants constituted indiscriminate attacks on civilians. Both the Israeli military and Hamas denied the accusations.

Mr. FLEISCHMANN. Mr. Speaker, I yield myself as much time as necessary to respond to this comment.

Mr. Speaker, the truth has finally come out on the floor of the House of the United States of America. I heard some of my Democratic colleagues: Stand with me, with Israel, with our ally, to fight terrorism with a defensive weapon system.

And what did we just hear? We heard the Democratic Party speak out. We heard, right now, from my colleague across the aisle with a shocking statement. She opposes this because they have a vocal minority in the majority party that is anti-Israel, that is anti-Semitic. And as Americans, we can never stand for that.

I grew up with Holocaust survivors. I grew up with children of Holocaust survivors. Israel has been attacked and attacked and attacked since its inception.

As Americans, I beseech you, I reach out to the majority, and I say condemn what we just heard on the floor. Condemn terrorism. This is a defensive weapon system. Stop playing your procedural games.

I hear recommit. It was a motion to recommit. You just saw something on this floor I thought I would never see, not only as a Member of this House, but as an American.

Let us stand with Israel. Let's combat anti-Semitism wherever it is in the world, whether it is in the United States, whether it is from terrorism.

I am shocked with what I just heard. I ask the majority to condemn the comments that were just made by their Member.

Mr. Speaker, I reserve the balance of my time.

Ms. DELAURO. Mr. Speaker, I yield 1 minute to the gentleman from Florida (Mr. DEUTCH), the chairman of the Committee on Foreign Affairs.

Mr. DEUTCH. Mr. Speaker, I thank my friend, Chair DELAURO, and I thank the Speaker.

Mr. Speaker, I have a speech about how important it is for us to stand up against terror and the terror strikes against Israel launched by the terrorist group Hamas from Gaza—4,500 rockets that Iron Dome helped to stop. And I have a speech that is all about how important it is for us to replenish that.

But, Mr. Speaker, I cannot—I cannot—allow one of my colleagues to stand on the floor of the House of Representatives and label the Jewish democratic State of Israel an apartheid state. I reject it.

Today, this Caucus, this body, the House of Representatives will overwhelmingly stand with our ally, the State of Israel, in replenishing this defensive system.

If you believe in human rights, if you believe in saving lives, Israeli lives and Palestinian lives, I say to my colleague who just besmirched our ally, then you will support this legislation.

The SPEAKER pro tempore. The time of the gentleman has expired.

Ms. DELAURO. Mr. Speaker, I yield an additional 30 seconds to the gentleman.

Mr. DEUTCH. Mr. Speaker, we can have an opportunity to debate lots of issues on the House floor, but to falsely characterize the State of Israel is consistent with those—let's be clear—it is consistent with those who advocate for the dismantling of the one Jewish state in the world. When there is no place on the map for one Jewish state, that is anti-Semitism, and I reject that.

I stand in support of this important legislation. I thank the Speaker, the majority leader, and the chairwoman for bringing this forward, and I urge every one of my colleagues to stand in support of this.

Mr. FLEISCHMANN. Mr. Speaker, I yield 2 minutes to the gentleman from Louisiana (Mr. SCALISE), the Republican minority whip.

Mr. SCALISE. Mr. Speaker, I thank my friend from Tennessee for yielding and especially for his passion, the statements that he just made, and the importance of not only standing up for Israel, which we all need to do, but standing up against anti-Semitism, against the kind of attacks on Israel that the very Iron Dome are necessary for.

The Iron Dome represents one of those great partnerships between our two great nations, this great bond between the United States and Israel, allowing Israel to defend themselves, defend themselves against attacks from Gaza, against attacks from terrorists who want to destroy Israel as a Jewish state. That is what this has always been about.

It had been heartening for decades that this was always a bipartisan issue.

We shouldn't have to be here today to pass this bill because it should have been passed on Tuesday. There was a vote on the House floor to ensure Israel had the money to defend themselves, to put that billion dollars back in. On a straight party-line vote, every Democrat voted it down. I don't know why on Tuesday they were against Israel's Iron Dome's defense. Today, maybe things will change. Hopefully, things will change. But we ought to always stand with Israel, and especially with what their Iron Dome represents.

I have been to Israel. I have been to areas where the Iron Dome is actually utilized effectively to save Jewish lives, to save everybody's life who lives in Israel, whether it is Jews, Palestinians. Anyone who lives in Israel under threat of terrorist attack can at least have some solace at knowing that the Iron Dome is there to protect them.

Thousands of rockets were fired into Israel by terrorists, and that is why we need to put this billion dollars in place to allow them to replenish the Iron Dome missiles that saved lives in Israel. Save lives in Israel, that is what this is about.

We should be with Israel, not just on Thursday. We should also be with them on Tuesday, on Monday. Every single day, we need to stand with our ally Israel against attacks that we see from anti-Semites around the world.

Mr. Speaker, I strongly urge passage of this bill.

Ms. DELAURO. Mr. Speaker, I yield 1 minute to the gentleman from Maryland (Mr. HOYER), my good friend and the majority leader.

Mr. HOYER. Mr. Speaker, I thank the gentlewoman for yielding.

Mr. Speaker, this is not a partisan issue. Very frankly, the CR that was brought to the floor the other day would have said we are going to pay the debts of the United States because we don't welch, and we are going to fund Iron Dome.

Unfortunately, because, to a person, our Republican colleagues would have refused and said they would not vote for that resolution, and because, yes, there were a very, very few who said they wouldn't vote for it on our side, because all of you would not vote for it, and we had just a handful who would not vote, we could not pass it. So, the debt limit was at risk, and Iron Dome was at risk.

The chair of the Committee on Appropriations, ROSA DELAURO, said that won't stand. And I stood on this floor and said we are going to bring an individual bill that I hope all of us will support. Now, obviously, all of us are not supporting it. There are some few who will not support this. But the overwhelming majority of this Congress, not in a partisan way, but in an American way, will support defending the democratic State of Israel created by the United Nations of the world to be an independent, sovereign, secure nation.

Very frankly, in a bipartisan way, no nation on Earth has been more important for the survival and security and sovereignty of that nation than the United States of America. Today continues that commitment.

Mr. Speaker, on Tuesday, I said we will deal with Iron Dome without delay to help defend Israel against Hamas' rocket attacks. Today, I am proud to bring this legislation to the floor and thank not only Chair DELAURO but I also thank many who have spoken, certainly, my friend DEBBIE WASSERMAN SCHULTZ and Mr. DEUTCH, Mr. SCHNEIDER, and others who have talked to me about this issue.

We bring this bill to the floor with the expectation that it will be overwhelmingly passed because we will put behind us partisanship.

Support for Israel has traditionally and must always be a bipartisan issue. That is because we overwhelmingly recognize the fundamental right of the Jewish people to live independently in their ancestral homeland and to do so in peace and security.

Since its founding—a millennia ago, in some respects—more particularly, politically, 1948 to today, Israel has been under constant threat and attack from those who would deny its right to exist—not about offensive actions that they took, not about this action that they took, to deny their very right to exist.

As we continue to stand up for a two-state solution that achieves peace, security, hope, and opportunity for both Israelis and Palestinians, we vigorously, strongly, unshakably, stand for Israel's right to defend itself against terrorism.

Make no mistake: Hamas and Hezbollah are terrorist organizations bent on murder and genocide and eliminating Israel from that map of which Mr. DEUTCH talked. Supported by Iran, one of the most prolific supporters of terrorism in the world, and avowing not only the destruction of Israel but also harm to America, Hamas and Hezbollah continue to rain terror down on innocent Israelis.

□ 1315

In May, Hamas showed the world, yet again, why these terror organizations remain a threat to peace to the future of both Israelis and Palestinians. The rocket attacks that launched from Gaza, a territory it rules with a draconian iron fist, sought to kill innocent Israeli citizens indiscriminately.

Sadly, Hamas's attacks compelled a defensive response that led to the deaths of innocent Palestinians trapped in harm's way or used as human shields by the terror organization's brutal rule.

Mr. Speaker, much of the reason why so many innocent Israeli lives were saved was because of something we have done here in Congress since 2010, which is to fund and support and jointly develop the deployment of the defensive anti-rocket system called Iron Dome.

Iron Dome has saved countless lives since 2010, including during the conflict in May, protecting schools, hospitals, synagogues, and family homes. The system continues to do its job, with a rocket from Gaza being intercepted less than 2 weeks ago.

During a period of 10 days in May, Hamas fired more than 4,400 rockets; 10 days, 4,400. Over 400 rockets a day fired into Israel, and Iron Dome extraordinarily intercepted 90 percent of those rockets. That number, in just 10 days, was a dramatic escalation over the number of rockets fired at Israel by Hamas and Hezbollah over the previous 10 years, which was around 10,000, or 1,000 a year. 4,400 rockets in 10 days.

Hezbollah, by the way, and we all recognize this, is estimated, by published reports—I don't have the classified reports—to have 130,000 rockets aimed at Israel from southern Lebanon.

The number of interceptors Israel needs to deal with these escalating attacks is going up dramatically as well.

I talked to Mr. Lapid just 2 days ago, and he said to me: Congressman, I really don't know. We know how many rockets they have, we just don't know how many they will send at one time. So that we need to make sure that there is sufficient supply, and the resupply after the rockets, confronting the 4,400 rockets, were used. Israel needed 2,400 interceptors for 10,000 rockets. In May, it needed 2,000 interceptors to take down the 4,400.

As a result of May's unprecedented barrage and the use of Iron Dome to defend against it, the system needs to be replenished and strengthened.

Mr. Speaker, I was proud to work with my colleagues on both sides of the aisle to support the development and deployment of Iron Dome as part of the broad, bipartisan support for Israel in Congress, as well as to support the joint American-Israeli development of the David's Sling long-range missile system.

Why do we do that? Why do we ask the taxpayers of the United States of America to do that? We do it because we believe it is in their best interest. Yes, it is in Israel's interest. And, yes, it is in the interest of Israelis. But it is in the security interest of the United States of America. And that is why we proudly stand up and support this funding, and other funding that we give to Israel, so that it can remain the democracy that honors human rights.

Does everybody honor human rights every day? America? We can look in the mirror. Every country can do that. But Israel, unlike any other country in the Middle East, has a supreme court that says to the government: You cannot do that.

This is the right thing to do. And then Israelis do it. A nation of laws. A nation of morals. A nation that is committed to the democratic process.

This House will today reflect overwhelming support in a bipartisan basis. Today, I believe that we will again evi-

dence our broad and bipartisan commitment to Israel's security, the safety of its people, and its right to self-defense.

Mr. Speaker, I want to thank Chairwoman Rosa DeLauro for introducing this legislation and our appropriators who worked on it, as I said, including DEBBIE WASSERMAN SCHULTZ.

Mr. Speaker, I trust that we will pass this today in just a few minutes. I trust the Senate will take it up immediately, and that we will send it to the President of the United States. He supports this. He urges that we pass it. He will do the same in the Senate. This is the right thing to do. It is what America does. It stands up for countries who stand up for freedom.

Mr. Speaker, I urge the House on both sides of the aisle to overwhelmingly support the passage of this legislation.

Mr. FLEISCHMANN. Mr. Speaker, I yield 1 minute to the gentleman from South Carolina (Mr. WILSON).

Mr. WILSON of South Carolina. Mr. Speaker, I want to commend Chairman TED DEUTCH. I am grateful to be the ranking member of the Subcommittee on Middle East, North Africa, and Global Counterterrorism. I appreciate his heartfelt comments.

I also have been to Sderot, and I have seen the example of the terrorist rocket attacks by Hamas from Gaza with Iranian rockets. I have seen the effect on mothers and families. And so this is something that should be addressed, and I appreciate Mr. HOYER bringing it up. That, indeed, 4,400 rockets, 400 a day. A reason for that is the weakness of the Biden-Harris government. They are putting the people of Israel at risk.

And then I also believe that what we see with Mr. HOYER, he is being undercut. And I sympathize with him that his political party, the Democratic Party, has become under the influence, extraordinary, bizarre influence of a group of anti-Semites, who also hate the State of Israel. It is very clear, as we saw a few minutes ago, right here, how horrible this is.

In fact, this vote is to cover the mistake of the Democratic Party.

The SPEAKER pro tempore. The time of the gentleman has expired.

Mr. FLEISCHMANN. Mr. Speaker, I yield the gentleman an additional 30 seconds.

Mr. WILSON of South Carolina. Mr. Speaker, I will vote in favor of the bill. But this is really a cover by the Democratic Party of the far left movement of their party abandoning the people of Israel.

And so I urge a "yes" vote. But this is clearly just to cover a horrible mistake. It is worse than a mistake, a bowing down of extremists within the Democratic Party.

Ms. DELAURO. Mr. Speaker, I reserve the balance of my time.

Mr. FLEISCHMANN. Mr. Speaker, I yield 1 minute to the gentleman from California (Mr. LAMALFA).

Mr. LAMALFA. Mr. Speaker, Israel is arguably our most reliable ally in the

world; indeed, a beacon of light and a beacon of democracy in the Middle East. So I don't understand how we could not work earlier this week to help them, to support them.

Well, I am glad today we could come together on both sides of the aisle and come to an agreement on this with strong support via this resolution. I visited Israel several times. And when you visit with the people there and talk with them, there are people that live their lives under a 15-second warning for when rockets may come in at random from anywhere in the zones that are near where the rockets are launched from, whether it is Gaza, or whether it is up north in Lebanon. What a way to live a life.

For us to not be able to come to an agreement because of politics earlier this week, is really sad. So I am glad for our colleagues on both sides of the aisle to come to an agreement today and get strong votes for this to support Iron Dome, which is a defensive mechanism, technology that both us in the United States and Israel benefit from in making all of our interests stronger. I am glad we can have the support today and get it right.

Mr. FLEISCHMANN. Mr. Speaker, I have no additional speakers and would be ready to close when appropriate. I reserve the balance of my time.

Ms. DELAURO. I reserve the balance of my time.

Mr. FLEISCHMANN. Mr. Speaker, today we have had yet another heated debate in the people's House in the greatest, freest Nation in the world.

The United States of America is a beacon of freedom. In my 10-year tenure in Congress, I have spoken with world leaders in Israel, in the Middle East, in Europe, across the globe. The world looks to the United States for leadership and for freedom.

Our great ally in the Middle East, Israel, has been threatened. Its citizens have been threatened since its inception, and that is wrong.

I associate myself partially with the remarks of the majority leader when he said we need to pass this bill today; and we do. We need to give Israel and the Israeli people the capability to continue to defend themselves against what are terrorist attacks on its people.

Over 4,000 rockets directed by terrorists, supported by countries such as Iran and others, who wish to seek destruction of Israel. As Americans, we can never allow that to happen. As human beings, we can never allow that to happen. And we need to be heard, that beacon of freedom in the United States of America, all over the world in our defense of Israel because other countries have let them down.

Today, we will not let Israel down. We will pass this bill. And to my colleagues on the other side of the aisle who once had a great Democratic Party, like the great Republican Party in our great two-party system, stand up, stand up and fight anti-Semitism

wherever its ugly head is raised. It is the right thing to do.

We will do it with our vote today. But we heard from someone from Michigan (Ms. TLAI); we heard from their radical left wing that does not support Israel, that does not support the Jewish people. It does not support their right, their inherent right to exist.

Let us, as Americans, make our resolve now, today, and forever in our great Republic to protect the people of Israel. Let's pass this bill, and let's associate our comments, as Americans, with those who will always stand up and fight anti-Semitism, racism, sexism, and every wrong-ism that exists. That is our great America. That is our great Republic.

Mr. Speaker, I yield back the balance of my time.

Ms. DELAURO. Mr. Speaker, I yield myself the balance of my time. My Republican colleague's words ring hollow. What are the facts? With or without the Iron Dome funding, every single House Republican refused to support the continuing resolution. And, I might add, were proud of their opposition to the continuing resolution.

But this, my friends, is not the first time. My Republican colleagues have voted against USAID to Israel three times thus far in the 2022 appropriations bills. Over and over again they say "no" to Israel. I say to them, stop politicizing the U.S. support of Israel. Stop your empty, political gimmicks, such as your motion to recommit yesterday. The democratic record is clear on our support for the U.S.-Israel defense relationship.

□ 1330

We are standing up for it today, we have stood up for it in the past, and we will continue to do that.

Mr. Speaker, this bill provides the necessary funds for Iron Dome to continue to protect Israeli citizens which furthers the goal of a lasting peace in the Middle East.

Mr. Speaker, I urge its adoption, and I yield back the balance of my time.

The SPEAKER pro tempore. The question is on the motion offered by the gentlewoman from Connecticut (Ms. DELAURO) that the House suspend the rules and pass the bill, H.R. 5323.

The question was taken.

The SPEAKER pro tempore. In the opinion of the Chair, two-thirds being in the affirmative, the ayes have it.

Mr. FLEISCHMANN. Mr. Speaker, on that I demand the yeas and nays.

The SPEAKER pro tempore. Pursuant to section 3(s) of House Resolution 8, the yeas and nays are ordered.

The vote was taken by electronic device, and there were—yeas 420, nays 9, answered "present" 2, not voting 1, as follows:

AUTHORIZING THE CLERK TO MAKE CORRECTIONS IN ENGROSSMENT OF H.R. 4350, NATIONAL DEFENSE AUTHORIZATION ACT FOR FISCAL YEAR 2022

Mr. SMITH of Washington. Madam Speaker, I ask unanimous consent that the Clerk be authorized to make technical corrections in the engrossment of H.R. 4350, including corrections in spelling, punctuation, section and title numbering, cross-referencing, conforming amendments to the table of contents and short titles, and the insertion of appropriate headings.

The SPEAKER pro tempore. Is there objection to the request of the gentleman from Washington?

There was no objection.

NEW MEXICO WELCOMES TEXAS WOMEN

(Mrs. LEGER FERNANDEZ asked and was given permission to address the House for 1 minute.)

Mrs. LEGER FERNANDEZ. Madam Speaker, I stand today in support of the Women's Health Protection Act.

New Mexico is a border State with Texas. Because of the draconian Texas abortion ban, Texas women are driving hours to receive reproductive healthcare in New Mexico.

We are receiving women's rights refugees, our Texas sisters, with open arms, open hearts, and open clinics.

New Mexico knows that a woman's freedom to make difficult health decisions belongs to her alone. In contrast,

Texas politicians deputized complete strangers to interfere with her health choices.

Texas' abortion ban falls most heavily on minority, LGBTQ, and low-income communities who can't afford to travel or access quality healthcare.

I trust in the wisdom of my House colleagues, who, in passing the Women's Health Protection Act, are standing with the women of this country in every State.

HONORING THE LIFE OF ANNE MUELLER

(Mr. CARTER of Georgia asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. CARTER of Georgia. Madam Speaker, I rise today with a heavy heart to remember and honor Anne Mueller of Savannah, Georgia, who, sadly, passed away on September 15 at the age of 91.

Anne devoted her life to serving her community and the State of Georgia.

After graduating from the University of Georgia in 1951, Anne began an impactful career as a State representative, where she served for 20 years.

Beyond her service as a State representative, Anne was actively involved in improving the Savannah community.

As a board member of the Savannah-Chatham Humane Society and member of the Savannah Cultural Affairs Commission, Anne touched countless lives.

Anne's passion for others is remarkable, and I know her impact will never be forgotten. Her irreplaceable presence will be missed by all.

I am honored to rise today to remember Anne and her lifetime of service to her community.

My thoughts and prayers are with her family, friends, and all who knew her during this most difficult time.

CRISIS AT THE BORDER

The SPEAKER pro tempore (Ms. LEGER FERNANDEZ). Under the Speaker's announced policy of January 4, 2021, the gentleman from Texas (Mr. ROY) is recognized until 10 p.m. as the designee of the minority leader.

Mr. ROY. Madam Speaker, while the Members of the United States Congress exit the Chamber, as they often do after whatever the majority deems appropriate to have on the floor of the House—which there was obviously the important National Defense Authorization Act—nevertheless, in my home State of Texas, the people of Texas are under siege with wide open borders.

And so right now, as we have Members of Congress, all 400 and something of my colleagues, who just left the Chamber, they are going off now to go have a steak dinner, go have a glass of wine, go hang out with some of their colleagues, meet up with some folks here in the District of Columbia.

But some 1,500 or maybe more miles away in Texas, we have a State and a people who are dealing with the consequences of an administration that fails to faithfully execute the laws of the United States and leaves Texas wide open to be harmed, endangered, and nobody in this body on the other side of the aisle seems to care in the slightest bit.

I went down to south Texas a couple weeks ago with my friend, Senator TED CRUZ. We met with ranchers in Roma, Texas. We met with leaders and ranchers and law enforcement in Uvalde, Texas. We met with the leaders of Webb County in Laredo, Texas. We went down to McAllen, Texas. All places that President Joe Biden has seemingly never been to in his 50 years of public service. Certainly hasn't been there since he has been President.

The Vice President of the United States, who is allegedly in charge of the border, hasn't found her way to any of these places that I visited a mere 2 weeks ago.

The vast majority of my colleagues on the other side of the aisle haven't found their way. Of course, one of my colleagues, the gentlewoman from New York, a couple years ago somewhat famously found her way down to the border to decry, quote, kids in cages.

Where is that colleague today? Wearing perhaps an all-white outfit with red letters on it.

Where is the concern for the little girls whose legs have been branded, burned by cartels?

Where is the concern for the 89 dead migrants, bodies found in Brooks County, Texas? 89. Where is the concern?

My colleagues on the other side of the aisle like to go around talking about how compassionate they are for those seeking to come to the United States. They suggest that those of us who believe that the border should be secure don't want Brown people in the United States. That is what they not only imply, that is basically what they say.

Meanwhile, there are a hell of a lot of Brown people in south Texas who are getting pretty ticked off at an administration that refuses to actually secure the border while their families are in danger.

There are a whole lot of Brown people who work for the Border Patrol who are feeling pretty darn unappreciated right now, when the White House press secretary lies to the American people. The White House press secretary lies on a daily basis to the American people.

Lie number one, perpetuating the lie that Border Patrol was whipping migrants. It is a lie, and it is being repeated by my colleagues on the other side of the aisle. It is a lie. The President of the United States and those in charge of the press secretary are countenancing this lie about Border Patrol.

This picture I am standing next to is a picture of Border Patrol with one of their horses, interacting with a young

boy, who is one of the migrants from Haiti who is down in Del Rio.

The young fellow is having a good time with this Border Patrol agent down on his knees. The Border Patrol agent is a man, probably with a family. I don't know how old he is.

But I know a lot of Border Patrol agents because I actually go there. I don't just dismiss Border Patrol agents as some sort of callous individuals who don't care about human beings. But that is what my colleagues on the other side of the aisle do every single day, led by the President of the United States with a voice from a press secretary who lies every single day about the state of our border, who lies every single day about the actions of Border Patrol.

And then today, they had the audacity to take away horses, at least in the Del Rio sector—I haven't been able to look at the entire order—take away horses and the ability of Border Patrol to actually try to patrol the border. This coming from people who have never been to the dadgum border.

There are no navigable roads along the river. My Democrat colleagues don't care. My Democrat colleagues don't care that Border Patrol can't run along the river. You would think—at least in their politically correct nonsense they espouse every day—that they wouldn't want them to have to use automobiles, that maybe they could use horses to go down to the river.

Not one of my colleagues on the other side of the aisle goes down and meets with the ranchers, the Border Patrol agents who are dealing with the actual outcome, the actual result of an administrative policy to leave our borders wide open.

In the State of Texas, the Department of Public Safety has caught over 400 pounds of fentanyl this year, compared to 10 pounds last year. Dead Texans. Dead Texans as a direct result of this administration's refusal, flat-out refusal to faithfully execute the laws of the United States.

A Sweet'N Low packet of fentanyl in pure form would kill every member of this body in this room. Certainly a few packets would. 10,000 pounds of fentanyl has been intercepted this year. More than the last 3 years combined.

Where are my Democratic colleagues? I asked this question when I was in Laredo 2 weeks ago when I was standing next to the Hispanic county judge of Webb County. A county judge in Texas is the chief administrator of the county. I asked, Where is Joe Biden? When he got up to the podium, he said, That is a great question, Where is Joe Biden?

Well, if Joe Biden knows where he is, it would be helpful. He sure as heck is not down at the border. He is sure as heck not down in Laredo, and his policies are abandoning the people of Laredo and abandoning the people of Texas.

The policies of my colleagues on the other side of the aisle leave Texas dealing with the brunt of a wide open border, and they laugh it off. They ignore it.

The stash houses in Houston, Texas, the stash houses in Del Rio, the stash houses in Laredo, the stash houses in McAllen, the stash houses up and down the border where little girls and little boys are being put into the sex trafficking trade, my Democratic colleagues, who love to pat themselves on the back for being compassionate, are nowhere to be found. MIA.

Joe Biden, nowhere to be found while people die, while people die from opioid overdoses, almost 100,000 this year in the United States. When the cocaine problem was a big deal in the 1980s, we were talking about 10,000. Now we are talking about 100,000.

Just where in the world are my colleagues on the other side of the aisle?

I will tell you where they are, they are running around preaching about masks and telling the people of Texas that small businesses in Texas must force-vaccinate Texans if they have got more than 100 employees.

That is literally not in the Constitution, and it is fully unconstitutional, unlawful, and I very strongly encourage the people of Texas to look at the President of the United States and tell him to pound sand. Do not follow that order. Do not accept it as legitimate. It is not.

And this is a theme that the people of Texas are going to have to come to grips with more and more, that when the President of the United States impeachably refuses to faithfully execute the laws of the United States, it is incumbent upon a free people in a sovereign State to come up with the ways that they believe are important to defend their borders, secure their citizenry, and take action, irrespective of the orders of a President who fails to faithfully execute the laws of the United States.

□ 2120

I do not make those statements lightly, because those statements mean something. But we are under assault in Texas, and this administration does not care. And worse yet, this administration is taking specific action and specific inaction to purposely create the situation that we are having to deal with on the frontlines in Texas.

Purposely reducing the enforcement of Title 42, which enables us to turn people away at the border during a public health emergency, pandemic environment where you can have communicable diseases like we are dealing with right now. Purposely not using the return to Mexico program, the migrant protection protocols to enables us to work with Mexico to stem the tide. Where last year we had a few hundred thousand people that we were apprehending at the border, today this year we have 1.4 million; and the year is not over yet. We will be well over 1.5

to 1.6 million people this fiscal year. Think about that. 208,000 in August. 212,000 in July before the Haitians arrived in Del Rio.

And, by the way, if we are talking about the Haitians, none of my colleagues on the other side of the aisle seem to care that along the Rio Grande are drivers licenses from Chile, passports from Brazil, because the people from Haiti who came to Del Rio weren't coming directly from Haiti. We know this. They were in South America. And then they got word because word is spreading around the globe, ladies and gentlemen, word is spreading around the globe that this administration says come to the United States, claim asylum, and walk right in.

Now the problem with that is it is the least compassionate thing you can do. You endanger them on the journey. You endanger them through the process so the cartels can abuse them. You harm the countries that they are leaving from through the drain of their resources, labor, brain drain, and you endanger the American people when you have a flood of migrants coming in to a state that then has to deal with it.

Would any of my Democratic colleagues know what to do for the most part if I airdropped them in to south Texas on a 5,000-acre ranch and they had to walk through the scrub brush of south Texas running across a rattlesnake and they go find a migrant dying out there from dehydration? The vast majority of my latte-sipping, New York living, condo-living colleagues on the other side of the aisle wouldn't have a dadgum clue what to do when you run across that situation. But I can tell you my Texan constituents and friends in south Texas are figuring out what to do with human beings on their ranches.

Would any of my colleagues on the other side of the aisle like to deal with the 89 dead bodies in Brooks county? Would they? Do they know what to do when they walk up to a body that has been picked apart by vultures and animals because that individual, that human being died on their ranch? Is this an uncomfortable conversation for my colleagues on the other side of the aisle when hundreds of human beings are dying in the hot Texas Sun and county judges have to spend \$3,000 per autopsy, \$5,000 for each to then bury them? They are trying to figure out how to handle their budget when they have got COVID cases exploding.

But oh, no, my colleagues on the other side of the aisle, they go around talking about, oh, horses. Race baiting defines the party of my colleagues on the other side of the aisle. It is the entire existence of the party of my colleagues on the other side of the aisle that they would take a situation that a Democratic President has created purposefully and then dare to turn it into a race-focused situation.

I would like any of my colleagues on the other side of the aisle to stand and look in the eyes of the 70 percent of

Border Patrol who are Hispanic and tell them that they are racist. Because that is what they do. My colleagues on the other side of the aisle, they go on TV and they say they are racist. Al Sharpton flies down to go have a press conference in Del Rio, Texas, trumpeting out and bringing out the race card. MAXINE WATERS wants to compare Border Patrol agents using horses to deal with a wide-open border and a chaos created by this administration to slavery. It is absolutely abhorrent. It is embarrassing. And the people of Texas are up to here with a Union that is not all that united around the principles upon which we were founded and that are showing precious little deference to the people of my State. They are fed up. There is a tinder box, and my colleagues on the other side of the aisle ignore it at the peril of the future of this republic.

This is a big deal what is happening. The nine migrants that were in an automobile in Boerne, Texas, two in the trunk, an American citizen driving that car who was employed by the Cartel del Noreste heading to a stash house in Houston, a young man had paid \$4,000 to go pick grapes in California had a rude wake-up call that he was heading to a stash house; fortunately, law enforcement intercepted them.

This is happening every single day in our State. We know this because we go down and we look. Senator CRUZ and I go down to Laredo. We sit at a checkpoint. I didn't see any of my Democratic colleagues there. With the notable exception my friend, HENRY CUELLAR, who is probably the lone Democrat who actually acknowledges the crisis that we have along our southern border. And we watch these trucks go through with scanners. One out of 10 trucks. And then we go down to the river, and there are 33 migrants trying to come across the river. And we are watching them cross the river. And they come out, and they swim, and they are playing cat and mouse, knowing when we leave they are going to come across. Then we get a scan on our phone from one of the scans that came through right after we left the checkpoint with a truck full of 29 migrants in the back.

Every day this is happening. And these people are endangered. But my Democratic colleagues don't care because of the crass cynicism of electoral politics. That is what this is about.

The good news is the great Hispanic Texans of south Texas have had enough. Zapata County went Republican for the first time since 1920. When I drove through Zapata County just 2 weeks ago, I stopped because I noticed a flag flying that had a certain colorful metaphor associated with the President that I will not, of course, repeat here on the floor of the House of Representatives. It may or may not be in line with a chant that has been often used in a number of settings around our country lately. In Zapata County.

In McAllen, a Republican mayor was recently elected. The fact is, when people are ignored, when people are endangered, when people are taken for granted, as Hispanic Americans every single day, and Hispanic Texans in particular are experiencing every single day, they tend to take that seriously.

□ 2130

They tend to recognize that an administration that gives lip service to caring for them but lets them die and lets their businesses implode and lets their ranches get run over and lets narcotics flow into their community at will, all in the false name of compassion and pretending that one cares about somebody because of the color of their skin, they tend to take offense to that and believe that maybe there should be a better way.

When I talk to people in Texas, they ask, quite frequently: What precisely are we getting out of this deal? What does union even mean anymore? What precisely is united about the United States?

How can one say that we have “united” States when the President of the United States dictates unlawfully to a people that they must forcefully vaccinate their employees.

Then thousands of their employees say: Hey, I don’t want to do that because I have natural immunity, and science seems to show that natural immunity may be stronger than that that comes from a vaccine.

They tend to take offense. They tend to want to tell the authoritarian to pound sand.

When the President of the United States, through his HHS Secretary, walks in and says: Oh, I am sorry, Texas. I am sorry, Florida. We are going to cut your monoclonal antibody treatments in half. We are going to limit your ability to get care. We are going to try to run a campaign against certain medicines that might actually provide care for your loved ones, and we are going to do so out of some sort of fealty to bureaucrats at CDC and NIH and, namely, Dr. Fauci.

The people are then relegated to the corner, trying to figure out how to care for themselves when a cronyistic healthcare system run by bureaucrats in government and bureaucrats in an insurance industry that is, frankly, corrupt, a healthcare system run by corporations in bed with government bureaucrats, getting taxpayer funds to enrich them and leaving small businesses and individuals in this country—Texans I represent—holding the bag, while the President of the United States limits their ability to get healthcare and then mandates they get a vaccine and then goes off to parties, like my colleagues on the other side of the aisle tend to do, maskless, while preaching wearing masks. Because it is all theater. It is all a show, except that it is very real, and it is very focused on accruing power in Washington, D.C.

My warning to my colleagues is this: Americans tend to take that sort of

thing seriously. While we watch people in Australia, and we watch people in Paris, and we watch people in Canada even, and we watch people around the globe resisting the tyranny of government, the United States is filled with people who similarly are predisposed to want to resist the power of the Federal Government. And they tend to take it very seriously.

My warning to my colleagues is that if this body, the people’s House, expects for this country to be united, then it needs to darn well act like it and stop trying to force the will of a Federal Government against the constitutional framework that we agreed to over the people of the State that I represent because the people of the State that I represent are not going to sit back and let that happen.

This is where we are. This is the question of our day. Are we going to agree to disagree and live peaceably together? Or are we going to force tensions and force conflict, which this Democrat-led government in the executive branch and the legislative branch is hellbent on doing and forcing the people that I represent to have to start asking questions about what we are going to do to preserve freedom for our children and our grandchildren to go to the doctor of our choice, to go to the school of our choice, to not have our children being indoctrinated with critical race theory, with dangerous principles of race-baiting, teaching our kids that America is evil, restricting the ability of our people to be able to go to a doctor because they have to go to a bureaucrat to get permission before getting healthcare, trying to restrict the ability of the American people to arm themselves while leaving our border wide open and defunding our police, and then daring to question why we want to be armed?

That is how the people of Texas are viewing the assault on their constitutional rights and the structure of government that was designed to protect liberty and to allow us to agree to disagree.

But my colleagues on the other side of the aisle refuse, on a daily basis, to allow us to agree to disagree. That is a dangerous position by my colleagues on the other side of the aisle. It is a dangerous position by this President.

It is a dangerous position by the administration because there is going to be a lot of people in at least the State that I represent, and I speculate a lot more, who are not going to sit by and allow a Federal Government to run amuck over their liberties and to tell them how to live their lives.

We are not going to sit back and allow cartels to run over our border; to have drugs pour into our communities; to have crimes committed on our streets; to have migrants dying on our ranches, fences cut, livestock loose; children in the sex trafficking trade, while my Democrat colleagues march down to Del Rio and cry racism because it is the only card they can ever

pull out of an empty deck, a deck not committed to the principles of power on which this Nation was founded or the flag which sits above the dais, but rather a dedication to a leftist, socialist, Marxist way of thinking and a belief in the all-power of the all-knowing of the authority of those in government to tell the people what to do.

But that is not the way the American people view their position in a government whose Constitution starts with three words: “We the people.”

We have abandoned those first three words, “we the people,” and that the power of this government is built upon a foundation of the power coming from “we the people” and those Bill of Rights that are in there to protect the people from the power of government. We are abandoning those on a daily basis.

I am amazed at the extent to which my colleagues on this side of the aisle, quite frankly, are just all too often able to just go give a speech, go get on a news show, put out a press statement about how bad the border is, and then: Oh, let’s move on to the next issue. Let’s move on to the next topic.

When all of these headlines about the Haitians in Del Rio subside, where will everybody be? Will my colleagues, even on my side of the aisle, wake up every day like we do dealing with this in Texas and understand what is happening, understand how bad a fentanyl epidemic is in this country?

Do the people in this body have the first clue that it is our policies that are enabling China to use cartels to exploit an open border to kill Americans? And do they care? Not in the slightest bit.

Then, I watch my colleagues on both sides of the aisle, frankly—today, we spent all day, almost 12 hours now—I guess probably 8 hours—offering amendments to the NDAA.

□ 2140

Not one of those amendments that we voted on today, not one, allowed us to address and debate here on the floor of the House of Representatives the drafting of our daughters, the drafting of our mothers, the drafting of our sisters, the drafting of our wives. Not one amendment today was allowed by Democrat tyranny in the Rules Committee to allow us to have a substantive debate on the floor of the House of Representatives about an issue as important as having the United States Government conscript women.

Can you imagine that? Can you imagine a body that is called the people’s House, having an environment in which we pass legislation as part of an \$800 billion defense authorization bill that had some 400 amendments we didn’t even debate on the floor of this House? We didn’t even debate the drafting of women.

And more than half of my colleagues on this side of the aisle said, Oh, sure, why not? Why? Because they sit there and they say, Well, the draft will never occur. Well, don’t worry, if the draft

does occur, it will be because we have some real bad conflict with somebody like China. Well, which is it? You got to have the draft in order to deal with a bad conflict with China or there will never be a draft?

Oh, well, okay. There will never be a draft, but if there is, it will be a bad conflict with China. But trust us. Don't worry, your daughter won't be drafted into combat.

Really? Trust us? In what universe should I trust the Government of the United States? Why would I do that? The same government that just abandoned allies, abandoned Americans, abandoned SIVs in Afghanistan, left \$85 billion worth of equipment for the Taliban to exploit, allowed China to be able to get access to Bagram Air Base, and walked away from rare earth minerals.

The same government that is completely ignoring their duty to enforce the borders, knowingly, when they have a mechanism to secure and enforce our borders. The same government, when the President's own press secretary is lying on a daily basis through her teeth about supposedly horses whipping human beings. Thoroughly debunked.

Is that the same government I am supposed to trust not to draft my 10-year-old daughter when she becomes 18 and is forced by the power of government to register for Selective Service? Who are we as a people? What happened to us? Are we such a cold, robotic people that we can't have an actual debate and discussion about the reality of life? Is that who we are?

The same doctor, with a cold stare, who looked at my dear friend and told her she should abort her little boy because of a brain scan that went a little amok. She was coming up on the term in which you can do that in the Commonwealth of Virginia, and she chose life. And now her son is my godson, and he is a healthy little boy. The same coldness with which that doctor looked at my friend, and said, you should abort, in front of her two other boys with her husband not there.

Is that what we have become, such a cold country, such a callous country, that we just blindly say that in the false name of equality or equity or whatever the word of choice is of the day, that we must draft our daughters? Let me be clear. Over my dead body will you draft my daughter. I mean that literally. Over my dead body will you draft my daughter.

And yet that is precisely what happened today with no debates, no amendment allowed. And my colleagues on both sides of the aisle, and I am particularly ashamed of my colleagues on this side of the aisle, for whispering in closed doors about, well, I would have voted against that if we would have had it on the floor. I tried to oppose it in committee, but, you know, it is the NDAA and so, you know, we have got to support the NDAA, we have got pay raises for

troops, and never mind all the other garbage that is in the bill. We have got to support it. For 60 straight years, we have got to support it.

You know why the Department of Defense is a complete mess? You want to know why the brass is completely inept and unable to actually run a war, unable to actually exit a country when a President gives a ridiculous order to exit on September 11 for optics? You want to know why the Department of Defense is completely inept? Because we have been authorizing it and funding it for decades. And my colleagues on this side of the aisle are just as guilty, if not more.

And now my colleagues on this side of the aisle say, Sure, draft my daughters. And I say, as I have said to them, that a vote for this NDAA today was a vote to conscript our daughters. Let me tell each and every one of you across this country, that is precisely what it was. And do not let any Member of this body get away with hiding or running from the simple fact that today this body voted to conscript our daughters.

Imagine that one day when you are sitting in your house and the lottery number comes up for your wife and not for you. What are you going to do? Or for your daughter and not you. What are you going to do?

The President of the United States has in multiple regards engaged in what I believe to be impeachable conduct. The President of the United States has failed to faithfully execute the laws of the United States, left our borders wide open, endangered our people, endangered the people of my State.

The President of the United States has failed to carry out his duty to defend the United States abroad, has in fact aided and abetted the enemy by leaving billions of dollars of equipment for our enemies to use against us, leaving Americans behind, leaving allies behind.

The President of the United States has abused the power of his office to step over the bounds of the Constitution to order people—order people—to force their employees to get vaccinated when he has no such authority. He has no such authority, and he knows it. He knows it.

For the exact same reason that the President of the United States admitted that he didn't have the power to extend the eviction moratorium. He flat out admitted it and said he was only going to do it until such time as the courts could hear the case and make a decision. That same President knows full well that his orders are unconstitutional, but he does not care. And that is an abuse of power.

That same President knows that the borders are being exploited and wide open and the cartels are endangering the American people and the migrants who seek to come here, but he does not care. And that is faithless execution of the laws. The President of the United States knows full well.

Heck, my 12-year-old son knows full well, as he said as we were driving around, he said: Dad, why would you leave the equipment there for the bad guys to get? Well, son, maybe you should be an advisor to the President of the United States because he doesn't seem to understand that concept, and neither does the Chairman of the Joint Chiefs of Staff, and neither does the Secretary of Defense.

□ 2150

Because they are so focused on chief diversity officers, woke policies, and critical race theory, they don't give a rat's rear end about defending the United States of America. It is for that same reason my Democrat colleagues have gone down to the river and gone down to south Texas playing the race card and chanting racism and comparing Border Patrol agents to slaveholders.

Where is the Secretary of Homeland Security defending the people who work for him and Border Patrol while they are outmanned, exhausted, and resigning because they are not being given what they need in support from the top leaders of Homeland Security?

Secretary Mayorkas has the experience to know full well that abandoning title 42 and abandoning MPP, the migrant protection protocols, he knows full well that that endangers the people of this country, and he does not care. He is leaving the people of south Texas exposed. He is leaving the ranchers who work there endangered with fences cut down and ranchers having to figure out how to protect their families and ranchers sending their children out across the ranches armed to defend themselves. Ranchers are finding the dead bodies of migrants on ranches, hundreds of them.

That is faithless execution of the laws. That is why the Secretary of Homeland Security is acting with impeachable conduct.

The American people are getting sick of this. The people of Texas are getting sick of this.

My admonition to my colleagues on the other side of the aisle is: Be very careful of walking this perilous journey of authoritarian actions by a President, authoritarian actions by an administration, and authoritarian legislating by a Congress that is ignoring our constitutional framework, ignoring federalism, ignoring separation of powers, ignoring their duties under the Constitution, and endangering the people I represent on a daily basis because this will not turn out well.

The people of Texas are not going to simply sit back and take it. The Governor of Texas has been deploying Department of Public Safety personnel to Del Rio. We have more DPS people in Del Rio than Border Patrol. We have more assets and more aerial activity; and but for the actions of the Governor of the State of Texas moving DPS down to Del Rio, the crisis would have truly exploded.

But that is only a step. The Governor of the State of Texas and the \$3 billion that the Texas legislature appropriated and deployed, and the DPS is down there working and arresting bad actors and arresting people for trespass, the State of Texas is going to have to go further because the Federal Government is refusing to do its job.

At some point the State of Texas is going to force a constitutional showdown because it will be incumbent upon the people of Texas to do so. It will be incumbent upon the people of Texas to tell the rest of the country to get out of our doggone way so that we can defend the people of our State. This is where we are.

While my colleagues decry the fact that Texans believe that we should protect life once it has a heartbeat, while my colleagues decry the fact that we believe we should protect life, and while my colleagues allow migrants to die, Texans want to simply keep their communities safe, and Texans are going to do so.

The people's House is supposed to mean something, Madam Speaker. The people's House is supposed to be a place where we are able to come together and agree under the Constitution on how to have a more perfect Union.

But Union doesn't mean anything when the people of my State are being trampled. Union doesn't mean anything when the rights of the people I represent are not being respected, when the safety of the people that I represent is not being protected or secured. And when the blessings of liberty that are supposed to be secured under the Constitution are not being secured but being trampled upon, then it will beg questions about the efficacy of Union.

Madam Speaker, I yield back the balance of my time.

The SPEAKER pro tempore. Members are reminded to refrain from engaging in personalities toward the President.

PT-59. Also, a petition of Gregory D. Watson, a citizen of Austin, Texas, relative to requesting enactment of Federal legislation that would require for elections — in which

a Federal elective office is on the ballot — that there be a minimum 90-day period prior to such election in which election administrators may carefully vet a first-time application for voter registration so as to better ensure the integrity of Congressional and Presidential elections; to the Committee on House Administration.

PT-60. Also, a petition of Gregory D. Watson, a citizen of Austin, Texas, relative to urging Congress to enact legislation directing the National Archives and Records Administration to compile and publish on its Internet website all applications — and recessions of applications — ever made by the

PT-61. Also, a petition of Gregory D. Watson, a citizen of Austin, Texas, relative to urging the Congress to propose a constitutional amendment, pursuant to Article V, to clarify that the process of impeachment by the U.S. House of Representatives, and the process of trial and conviction by the U.S. Senate, apply only to someone who still holds a public office within the federal government; to the Committee on the Judiciary.

PT-62. Also, a petition of Gregory D. Watson, a citizen of Austin, Texas, relative to requesting enactment of Federal legislation that would require all Federal Courts to establish internet websites and post on their respective websites all official documents issued or filed in all cases pending before such courts — making access to such official documents available free of monetary charge and with no requirement to become a registered user of such websites in order to view, print, or download, such official documents in “PDF” format; to the Committee on the Judiciary.
